Civil Action No. 13-401-PB

**AFFIDAVIT OF PETER A. BENGELSDORF, SPECIAL DEPUTY
LIQUIDATOR, IN SUPPORT OF MOTION FOR SUMMARY JUDGMENT**

I, Peter A. Bengelsdorf, depose and say:

1. I was appointed Special Deputy Liquidator of The Home Insurance Company (“Home”), by the Insurance Commissioner for the State of New Hampshire, as Liquidator (“Liquidator”) of Home, in 2003. I submit this affidavit in support of the Liquidator’s Motion for Summary Judgment. The facts and information set forth are either within my own knowledge gained through my involvement with this matter, in which case I confirm that they are true, or are based on information provided to me by others, in which case they are true to the best of my knowledge, information, and belief.

2. On June 13, 2003, the Superior Court for Merrimack County, New Hampshire (“Supervising Court”), declared that Home was insolvent and appointed the Insurance Commissioner of the State of New Hampshire and her successors as its Liquidator. A copy of

the Supervising Court's Order of Liquidation dated June 13, 2003 is attached as Exhibit 1. The plaintiff, Roger A. Sevigny, is the present Insurance Commissioner as Liquidator of Home.

3. Under the New Hampshire Insurers Rehabilitation and Liquidation Act, N.H. RSA 402-C ("Act"), the Liquidator has exclusive authority, subject to oversight of the Supervising Court, to conduct the liquidation. The liquidation proceeding is the proper forum for all claims against Home. The Act requires that the Supervising Court fix a deadline for filing of claims, and the claim filing deadline for Home was June 13, 2004. See Order of Liquidation ¶ bb. As a result of the liquidation, many claims under Home's policies are being handled by insurance guaranty associations established under the laws of the various states.

4. The United States, through the United States Department of Justice ("DOJ"), filed seven proofs of claim with the Liquidator during 2003, 2004 and 2005.

5. Six of the United States' proofs of claim asserted known claims against Home. Copies of those proofs of claim with descriptive attachments (but not supporting documentation) are attached as Exhibits 2 through 7.

6. The first known claim was by the United States Department of Labor for Longshore and Harbor Workers Compensation Act assessments. Exhibit 2 (the proof of claim dated June 26, 2003 and supplemental proofs of claim dated February 2, 2005 and April 8, 2005). The Liquidator allowed that claim in the full amount of \$2,672,527 and assigned it to Class III priority. The United States' challenged the assigned priority but the Liquidator's position has been upheld under both federal and state law. See Solis v. Home Ins. Co., 848 F.Supp.2d 91 (D. N.H. 2012) (federal law); Order, Merrimack County Superior Court, October 8, 2013 (state law) (attached as Exhibit 8).

7. The other five known claims were “third party” claims; that is, claims by the United States against persons allegedly insured by Home that the United States has asserted directly in the Home liquidation pursuant to N.H. RSA 402-C:40, I:

a. The first third party claim was on behalf of the United States Environmental Protection Agency (“EPA”) concerning a claim by the EPA against Home insureds Lillian Wiesner, John Massei and Executeam Corp. Exhibit 3 (proof of claim dated June 10, 2004). The EPA and Home’s insureds settled their claims in a consent judgment entered September 26, 2012. Under the terms of that judgment, the EPA will receive a \$606,000 payment under the Home policies from the New York Liquidation Bureau (the New York guaranty association). The EPA has advised that it will withdraw its claim in the Home liquidation following receipt of payment from the New York Liquidation Bureau.

b. The second claim was on behalf of the EPA concerning a claim by the EPA against Paul Sauget, an owner and officer of Home insured Sauget & Company. Exhibit 4 (proof of claim dated June 10, 2004). On March 31, 2010, the United States, Sauget’s estate, the Liquidator, and others entered into a settlement pursuant to which the proof of claim was allowed as a Class II claim in the amount of \$4,125,000. The settlement agreement was approved by the Supervising Court on June 3, 2010. The United States will accordingly share in distributions to Class II claimants with allowed claims, including the interim distribution, on the allowed \$4,125,000 amount.

c. The third claim was on behalf of the EPA concerning a claim by the EPA against Home insureds Ace-Manzo Inc., and Dominick and Carmella Manzo. Exhibit 5 (proof of claim dated June 10, 2004). In March of 2011, the United States entered into a

consent decree with the Manzos. The coverage underlying Home's policy was not exhausted by payment under the consent decree. The Liquidator accordingly issued a notice of determination denying the United States' claim on June 28, 2013. The determination was approved by the Supervising Court on November 13, 2013.

d. The fourth claim was on behalf of the EPA concerning claims by the EPA, the US Department of the Interior ("DOI"), the US Department of the Navy, and the National Oceanic and Atmospheric Administration ("NOAA") relating to Home insured R. Lavin & Sons, Inc. ("Lavin"). Exhibit 6 (proof of claim dated June 10, 2004). On September 30, 2008, Lavin and the Liquidator entered into a settlement of all claims under the Home policies pursuant to which Lavin's own claim was allowed as a Class II claim in the amount of \$2,346,774. The Supervising Court approved the settlement on February 23, 2009. The settlement recognized that, pursuant to orders in Lavin's bankruptcy case, the United States will receive part of the amounts paid on Lavin's claim by the Home estate, and the settlement was conditioned upon withdrawal by the United States of its proof of claim in the Home estate. The United States withdrew its proof of claim on December 5, 2008.

e. The fifth claim was on behalf of the EPA concerning a claim by the EPA against Home insured Azusa Pipe and Tube Bending Corp. ("Azusa"). Exhibit 7 (proof of claim dated November 14, 2005). On January 9, 2012, counsel for the EPA advised that its claim against Home is contingent since the interim remediation at the site of concern is currently being funded by other potentially responsible parties. The Liquidator agreed to defer determination of EPA's proof of claim pending further developments. There is no present claim.

8. To the extent the claims discussed in paragraphs 5 through 7 have been allowed at Class II priority, the United States will receive the same percentage distributions from the Home estate as all other allowed Class II claims. The Liquidator does not anticipate that the assets of Home will be sufficient to make any distribution on claims assigned to priorities below Class II.

9. The United States also filed a “protective” proof of claim dated June 10, 2004 on behalf of the EPA, the DOI, the NOAA, the Department of Defense and other unnamed agencies. A copy of the protective proof of claim is attached as Exhibit 9.

10. The object of an insurer liquidation is to determine claims, collect assets and distribute the assets to those with allowed claims in accordance with the statutory priorities. The New Hampshire Act provides for interim distributions of assets and for “early access” distributions to state insurance guaranty associations that have paid claims under policies issued by the insolvent insurer. Unlike general distributions, early access distributions are subject to statutorily-required “claw back” agreements under which guaranty associations will return distributions if necessary to pay claims of the same or higher priority. The guaranty associations that have received early access distribution from the Home estate have all entered such “claw back” agreements with the Liquidator.

11. The Liquidator has made nine early access distributions to state insurance guaranty associations. At the Liquidator’s request, the Supervising Court’s orders approving the first six early access distributions provided that they were subject to receipt of a waiver of Federal Priority Act claims from the United States. A copy of the Supervising Court’s Order Approving Sixth Early Access Distribution dated March 17, 2010 is attached as Exhibit 10. (The five orders approving the preceding early access distributions are substantially similar.)

12. The Liquidator requested limited releases of claims under the Priority Act from the United States with respect to the first six early access distributions. The United States entered six release agreements with the Liquidator to permit the first six early access distributions. A copy of the Release Agreement entered in May 2010 regarding the sixth early access distribution is attached as Exhibit 11. (The five release agreements regarding the preceding early access distributions are substantially similar.)

13. The United States was not willing to provide waivers for later early access distributions. In light of the statutory claw back agreements with the guaranty associations, the Liquidator sought approval to make the seventh through ninth early access distributions without a waiver from the United States.

14. In February 2012, the Liquidator moved for approval of an interim 15% distribution to all creditors with allowed Class II (policy level) claims. A copy of the Liquidator's Motion for Approval of Interim Distribution dated February 10, 2012 is attached as Exhibit 12. As stated in the Liquidator's motion, the distribution needed to account for all Class II obligations of Home, including those not yet determined, in order to comply with New Hampshire law and assure equal treatment for all Class II claimants. The Liquidator engaged an internationally-known actuarial consulting firm to estimate Home's unpaid policy-related obligations, including both selected and 95% confidence level estimates. As in the case of financial statements of solvent insurers, the actuarial estimates include estimates of liability for known claims and also for claims that are not presently known ("incurred but not reported" or "IBNR" claims). The Liquidator's approach thus protected the interests of those with potential but unknown Class II claims, including the United States.

15. The Liquidator proposed a 15% interim distribution, which reflected the then-available assets (\$1.382 billion) less the projected expenses of the liquidation (\$324 million) divided by the estimated Class II liabilities at the 95% confidence level (\$6.584 billion). See Exhibit 12. The proposed distribution percentage left substantial assets available for later distributions. Based on allowed claims and assets as of December 31, 2011, the 15% distribution would involve \$194.1 million (\$152.7 million in cash and \$41.1 million in early access distributions that would no longer be subject to claw back), leaving approximately \$962 million in available assets. This is reasonable and prudent as the Liquidator's calculation used the 95% confidence level estimate of ultimate Class II liabilities and excluded from consideration future assets, including reinsurance recoveries and investment income. It reserves sufficient assets for an equivalent 15% distribution to presently unknown claims even if the ultimate value of all Class II claims exceeds the actuarial Central Estimate of \$4.112 billion and reaches the 95% confidence level value of \$6.584 billion.¹

16. The Supervising Court approved that interim distribution on March 13, 2012. Copies of the Supervising Court's Order Approving Interim Distribution to Claimants with Allowed Class II Claims dated March 13, 2012 and its Order Amending Order Approving Interim Distribution to Claimants with Allowed Class II Claims dated July 2, 2012 are attached as Exhibits 13 and 14. In light of the position of the United States regarding the Federal Priority Act, the March 13, 2012 Order provided that the interim distribution is subject to receipt of a waiver from the United States of federal priority claims under the Priority Act.

17. On April 12, 2012, the Liquidator requested a waiver of federal priority claims from the DOJ to permit the interim distribution. A copy of the Liquidator's letter request dated

¹ Based on allowed claims and assets as of June 30, 2014, the initial 15% distribution will involve approximately \$283 million (\$224 million in cash and \$59 million in early access distributions that will no longer be subject to claw back) and leave approximately \$1.008 billion in available assets in the Liquidator's control. Id.

April 12, 2012 (without exhibits) is attached as Exhibit 15. To date, the United States has neither granted nor denied that request. In response to a request from the DOJ, the Liquidator provided it with the list of the approximately 260,000 persons given notice of the Home liquidation.

18. On December 4, 2013, the United States filed the United States' Memorandum in Support of Its Fed. R. Civ. P. 12(b)(1) and (6) Motion to Dismiss the Complaint ("US Mem."; Dkt. # 8 beginning at 3). A copy of that memorandum is attached as Exhibit 16. Footnote 3 of the memorandum referred to an EPA list of "7,000 possible claims against policyholders as potentially responsible parties at Superfund sites."

19. On April 23, 2014, the United States provided the Liquidator with the EPA list. A copy of the DOJ letter dated April 23, 2014 with the EPA list is attached as Exhibit 17.

20. On May 7, 2014, the Liquidator requested that the United States advise whether it asserts rights under the Federal Priority Act concerning the EPA list. A copy of the Liquidator's May 7, 2014 letter including that request at page 6 is attached as Exhibit 18. Although it replied to the Liquidator's letter on May 27, 2014, the United States has not responded to the Liquidator's request.

21. The United States has not filed any proofs of claim or amendments to the protective proof of claim since 2005. Except for the proofs of claim attached as Exhibits 2 through 7, the United States has not asserted any claims against Home or the Liquidator. The Liquidator will address any additional United States claims if and when the United States files them in the future.

22. In light of the United States' assertion of Federal Priority Act rights in the protective proof of claim, its unwillingness to grant waivers for later early access distributions after granting waivers for six prior early distributions, its unwillingness to act on the current

waiver request, its references to “7,000 possible claims” in the US memorandum, its submission of the EPA list, and its failure to respond to the Liquidator’s question whether the United States’ views the possible claims on the EPA list as “claims” under the Priority Act, the Liquidator fears that the United States may bring an action to enforce personal liability under the Federal Priority Act if he makes the interim distribution. The Liquidator accordingly has not made the 15% interim distribution approved by the Supervising Court in 2012.

I declare under penalty of perjury that the foregoing is true and correct. Executed on September 8, 2014.

SUPERIOR COURT
NEW HAMPSHIRE DEPARTMENT

Docket No. 03-E-0106

In the Matter of the Rehabilitation of
The Home Insurance Company

ORDER OF LIQUIDATION

This proceeding was commenced on March 4, 2003, upon the Verified Petition for Rehabilitation of Paula T. Rogers, Commissioner of Insurance for the State of New Hampshire (the "Commissioner"). The Commissioner filed the Verified Petition for Rehabilitation pursuant to RSA 402-C:15, seeking appointment as receiver of The Home Insurance Company ("The Home") for the purpose of rehabilitating and conserving the assets of The Home. On March 5, 2003, this Court entered an Order Appointing Rehabilitator, in which the Commissioner was appointed Rehabilitator of The Home. The Commissioner, as Rehabilitator, has now determined pursuant to RSA 402-C:19 that further attempts to rehabilitate The Home would be futile, that The Home is insolvent within the meaning of RSA 402-C:3 and RSA 402-C:20, II, and that it should be liquidated. On May 8, 2003, the Commissioner, as Rehabilitator, filed a Verified Petition for Order of Liquidation pursuant to RSA 402-C:5, RSA 402-C:19 and RSA 402-C:20 (the "Petition"), in which she has sought an order of liquidation for The Home, her appointment as Liquidator, and the requested permanent injunctions. After having heard and considered the facts set forth in the Petition, the Court finds that the law and facts are

as the Commissioner has alleged in the Petition and that there exists a present necessity for the entry of this order.

WHEREFORE, it is hereby ordered, adjudged and decreed that:

- (a) The proceeding for the rehabilitation of The Home is hereby terminated pursuant to RSA 402-C:19;
- (b) The Home is declared to be insolvent;
- (c) Sufficient cause exists for an order to liquidate The Home;
- (d) Paula T. Rogers, Commissioner of Insurance for the State of New Hampshire, and her successors in office, is hereby appointed Liquidator of The Home;
- (e) The Liquidator shall cancel all in-force contracts of insurance and bonds effective as of 30 days after the date of this Order;
- (f) The Liquidator is directed forthwith to take possession of the assets of The Home wherever located and administer them under the orders of the Court. The Liquidator is vested with title to all of the property, contracts and rights of action and all of the books and records of The Home, wherever located, and in whomever's possession they may be found;
- (g) The Liquidator is directed to secure all of the assets, property, books, records, accounts and other documents of The Home (including, without limitation, all data processing information and records comprised of all types of electronically stored information, master tapes, source codes, passwords, or any other recorded information relating to The Home);
- (h) The Liquidator is authorized to transfer, invest, re-invest and otherwise deal with the assets and property of The Home so as to effectuate its liquidation;

(i) The Liquidator is authorized to acquire, hypothecate, encumber, lease, improve, sell, transfer, abandon or otherwise dispose of or deal with any property of the insurer at its market value or upon such terms and conditions as are fair and reasonable without prior permission of the Court in the ordinary course of business;

(j) The Home and its directors, officers, employees, agents, and representatives are prohibited from proceeding with the business of The Home, except upon the express written authorization of the Liquidator;

(k) The Home and its directors, officers, employees, agents, and representatives, and any persons acting in concert with The Home, are prohibited from disposing, using, transferring or removing any property of The Home, without the express written authorization of the Liquidator, or in any way (i) interfering with the conduct of the Liquidator or (ii) interfering with the Liquidator's possession and rights to the assets and property of The Home;

(l) Any bank, savings and loan association or other financial institution or other legal entity is prohibited from disposing of or allowing to be withdrawn in any manner property or assets of The Home, except under the express written authorization of the Liquidator or by further order of this Court.

(m) All actions and all proceedings against The Home whether in this state or elsewhere shall be abated in accordance with RSA 402-C:28 and RSA 402-C:5, except to the extent the Liquidator sees fit and obtains leave to intervene;

(n) To the full extent of the jurisdiction of the Court and the comity to which the orders of the Court are entitled, all persons are hereby permanently enjoined and restrained from any of the following actions:

(1) commencing or continuing any judicial, administrative, or other action or proceeding against The Home or the Liquidator;

(2) commencing or continuing any judicial, administrative, or other action or proceeding against The Home's, the Rehabilitator's or the Liquidator's present or former directors, officers, employees, agents, representatives, or consultants, including, without limitation, Risk Enterprise Management Limited and each of its officers, directors and employees, arising from their actions on behalf of The Home, the Rehabilitator or the Liquidator;

(3) enforcing any judgment against The Home or its property;

(4) any act to obtain possession of property of The Home or to exercise control over property of The Home;

(5) any act to create, perfect, or enforce any lien against property of The Home;

(6) any act to collect, assess, or recover a claim against The Home, other than the filing of a proof of claim with the Liquidator; and

(7) the setoff of any debt owing to The Home; provided, however, that notwithstanding anything in this Order to the contrary, nothing herein is intended nor shall it be deemed to stay any right of setoff of mutual debts or mutual credits by reinsurers as provided in and in accordance with RSA 402-C:34;

(o) The Court hereby seeks and requests the aid and recognition of any Court or administrative body in any State or Territory of the United States and any Federal Court or administrative body of the United States, any Court or administrative body in any Province or Territory of Canada and any Canadian Federal Court or

administrative body, and any Court or administrative body in the United Kingdom or elsewhere to act in aid of and to be complementary to this Court in carrying out the terms of the Order;

(p) All persons doing business with The Home on the date of the Liquidation Order are permanently enjoined and restrained from terminating or attempting to terminate such relationship for cause under contractual provisions on the basis of the filing of the petition to rehabilitate The Home, The Home's assent to the entry of the Rehabilitation Order, the entry of the Rehabilitation Order, the filing of this Petition, the entry of the Liquidation Order, the rehabilitation or liquidation proceedings for The Home, or The Home's financial condition during the rehabilitation or liquidation proceedings;

(q) All persons in custody or possession of any property of The Home are hereby directed and ordered to turn over any such property to the Liquidator;

(r) The Liquidator is authorized, in her discretion, to pay expenses incurred in the course of liquidating The Home, including the actual, reasonable, and necessary costs of preserving or recovering the assets of The Home, wherever located, and the costs of goods and services provided to The Home estate in this and other jurisdictions. Such costs shall include, but not be limited to: (1) reasonable professional fees for accountants, actuaries, attorneys and consultants with other expertise retained by the Department, the Commissioner or the Liquidator to perform services relating to the liquidation of The Home or the feasibility, preparation, implementation, or operation of a liquidation plan; (2) compensation and other costs related to representatives, employees or agents of The Home or its affiliates who perform services for The Home in liquidation;

and (3) the costs and expenses of and a reasonable allocation of costs and expenses associated with time spent by New Hampshire Insurance Department personnel and New Hampshire Department of Justice personnel in connection with the rehabilitation and the liquidation of The Home;

(s) The Liquidator is authorized to employ or continue to employ, to delegate authority to and fix the compensation of such appropriate personnel, including actuaries, accountants, consultants, special counsel, and counsel in this and other jurisdictions, as she deems necessary to carry out the liquidation of The Home and its worldwide operations, subject to compliance with the provisions of RSA 402-C, the supervision of the Liquidator, and of this Court. The Liquidator is authorized to continue at her sole discretion to retain the services of Risk Enterprise Management Limited, subject to court approval;

(t) The Liquidator is authorized to appoint, and determine the compensation and terms of engagement of, a special deputy to act for her pursuant to RSA 402-C:25, I.

(u) The actual, reasonable and necessary costs of preserving, recovering, distributing or otherwise dealing with the assets of The Home, wherever located, and the costs of goods or services provided to The Home estate under paragraph (i) of the Rehabilitation Order, during the Rehabilitation proceeding, and under paragraphs (r)-(t) and (v) of the Liquidation Order, during the Liquidation proceeding, shall be treated as "costs and expenses of administration," pursuant to RSA 402-C:44, I;

(v) The Liquidator is authorized and directed to work with any joint provisional liquidator or other person of comparable position appointed by a foreign

tribunal with respect to all or any portion of the estate of The Home located outside the United States (the "foreign estates") for the purpose of preserving, recovering and incorporating into the domiciliary estate all assets of The Home located outside the United States. The Liquidator is authorized to fund from the domiciliary estate the costs and expenses of administering the foreign estates;

(w) The Liquidator is directed to administer and make payments on all claims against The Home estate filed with the Liquidator in the domiciliary proceeding, including the claims of claimants residing in foreign countries (provided the assets of such foreign estate are transferred to the Liquidator), in accordance with New Hampshire's priority statute, RSA 402-C:44;

(x) The amounts recoverable by the Liquidator from any reinsurer of The Home shall not be reduced as a result of the prior rehabilitation proceeding or this liquidation proceeding or by reason of any partial payment or distribution on a reinsured policy, contract or claim, and each reinsurer of The Home is, without first obtaining leave of this Court, hereby enjoined and restrained from terminating, canceling, failing to extend or renew, or reducing or changing coverage under any reinsurance policy or contract with The Home. The Liquidator may, in her discretion, commute any contract with a reinsurer or reinsurers;

(y) To the full extent of the jurisdiction of the Court and the comity to which the orders of the Court are entitled, all actions or proceedings against an insured of The Home in which The Home has an obligation to defend the insured are hereby stayed for a period of six months from the date of the Order and such additional time as the Court may determine pursuant to RSA 404-B:18;

(z) Within one year of the entry of this Order, and then annually thereafter, the Liquidator shall file with the Court a financial report, as of the preceding December 31, in accordance with RSA 402-C:21, V, which shall include, at a minimum, the assets and liabilities of The Home and all funds received or disbursed by the Liquidator during the period;

(aa) The Liquidator shall have full powers and authority given the Liquidator under RSA 402-C of Title XXXVII, and under provisions of all other applicable laws, as are reasonable and necessary to fulfill the duties and responsibilities of the Liquidator under RSA 402-C of Title XXXVII, and under the Order, specifically including, but not limited to, each and every power and authority bestowed upon the Liquidator under RSA 402-C:25, I-XXII, the provisions of which are incorporated by reference in their entirety into this Order, and the common law of New Hampshire; and

(bb) The deadline for the filing of claims pursuant to RSA 402-C:26, II, RSA 402-C:37, I, and RSA 402-C:40, II, shall be one year from the date of this Order.

The Deadline for Filing this Form is June 13, 2004.

You should file this Proof of Claim form if you have an actual or potential claim against The Home Insurance Company of any of its former subsidiaries* ("The Home") even if the amount of the claim is presently uncertain. To have your claim considered by the Liquidator, this Proof of Claim must be postmarked no later than June 13, 2004. Failure to timely return this completed form will likely result in the DENIAL OF YOUR CLAIM. You are advised to retain a copy of this completed form for your records.

1. Claimant's Name: US Dept of Labor Longshore Special Fund
2. Claimant's Address: 200 Constitution Ave. NW
RM C4315 Washington, DC 20210
3. Claimant's Telephone Number: (202) 693-0801
Fax Number: (202) 693-1380
Email address: abildso.carl@dol.gov
4. Claimant's Social Security Number, Tax ID Number or Employer ID Number: N/A
5. Claim is submitted by (check one):
 - a) Policyholder or former policyholder
 - b) Third Party Claimant making a claim against a person insured by The Home
 - c) Employee or former employee
 - d) Broker or Agent
 - e) General Creditor, Reinsurer, or Reinsured
 - f) State or Local Government Entity
 - g) Other; describe: _____

If your name, address, e-mail address, or telephone number set forth above are incorrect, or if they change, you must notify the Liquidator so she can advise you of new information.

Describe in detail the nature of your claim. You may attach a separate page if desired. Attach relevant documentation in support of your claim, such as copies of outstanding invoices, contracts, or other supporting documentation.

Longshore Special Fund assessments are unpaid for
years 2000, 2001, and 2002.

6. Indicate the total dollar amount of your claim. If the amount of your claim is unknown, write the word "unknown", BUT be sure to attach sufficient documentation to allow for determination of the claim amount.

\$ 1,531,483 (if amount is unknown, write the word "unknown").

7. If you have any security backing up your claim, describe the nature and amount of such security. Attach relevant documentation.

N/A

8. If The Home has made any payments towards the amount of the claim, describe the amount of such payments and the dates paid: N/A

9. Is there any setoff, counterclaim, or other defense which should be deducted by The Home from your claim?

N/A

10. Do you claim a priority for your claim? If so, why: Unknown- see class (e&f) above

11. Print the name, address and telephone number of the person who has completed this form.

Name: Carl E. Abildso - US Dept of Labor
Address: 200 Constitution Ave NW - Rm C-4315
-Washington, DC 20210
Phone Number: (202) 693-0801
Email address: Abildso-Carl@dol.gov

* The Home Indemnity Company, The Home Insurance Company of Indiana, City Insurance Company, Home Iloyds Insurance Company of Texas, The Home Insurance Company of Illinois, and The Home Insurance Company of Wisconsin.

12. If represented by legal counsel, please supply the following information:

- a. Name of attorney: _____
- b. Name of law firm: Not at this time
- c. Address of law firm: _____
- d. Attorney's telephone: _____
- e. Attorney's fax number: _____
- f. Attorney's email address: _____

13. If using a judgment against The Home as the basis for this claim:

- a. Amount of judgment: _____
- b. Date of judgment: _____
- c. Name of case: N/A
- d. Name and location of court: _____
- e. Court docket or index number (if any): _____

14. If you are completing this Proof of Claim as a Third Party Claimant against an insured of The Home, you must conditionally release your claim against the insured by signing the following, as required by N.H. Rev. Stat. Ann. § 402-C:40 I:

I, N/A (insert claimant's name), in consideration of the right to bring a claim against The Home, on behalf of myself, my officers, directors, employees, successors, heirs, assigns, administrators, executors, and personal representatives hereby release and discharge _____ (insert name of defendant(s) insured by The Home), and his/her/its officers, directors, employees, successors, heirs, assigns, administrators, executors, and personal representatives, from liability on the cause(s) of action that forms the basis for my claim against The Home in the amount of the applicable policy provided by The Home; provided, however, that this release shall be void if the insured is found liable for the claim against the insured.

Claimant's signature

15. All claimants must complete the following:

Longshore

I, Carl B. Abildso (insert individual claimant's name or name of person completing this form for a legal entity) subscribe and affirm as true, under the penalty of perjury as follows: that I have read the foregoing proof of claim and know the contents thereof, that this claim in the amount of \$1,531,483.00 dollars (vs _____) against The Home is justly owed, except as stated in item 9 above, and that the matters set forth in this Proof of Claim are true to the best of my knowledge and belief. I also certify that no part of this claim has been sold or assigned to a third party.

Any person who knowingly files a statement of claim containing any false or misleading information is subject to criminal and civil penalties.

ATTACHMENT 1

PROOF OF CLAIM

THE HOME INSURANCE COMPANY

Insured: Paul Sauget, Industrial Salvage and Disposal and Sauget & Company

Claimant: The United States on Behalf of U.S. Environmental Protection Agency

I. Nature of Claim

Paul Sauget was an officer, director and owner of Industrial Salvage and Disposal, Inc., and Illinois corporation organized in 1959. In 1965, Industrial Salvage and Disposal, Inc. changed its name to Sauget & Company.

On January 30, 1999, the United States of America ("United States") on behalf of the U.S. Environmental Protection Agency, filed a complaint in the Southern District of Illinois pursuant to Section 107 of Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. § 9607, against several defendants including Paul Sauget. The complaint seeks recovery of over \$2 million in past response costs and a declaration of liability for future response costs incurred and to be incurred in connection with the release and threatened releases of hazardous substances at the Sauget Area 1 Site ("Site") under Section 107 of CERCLA, 42. U.S.C. § 9607. See Attachment 2, Second Amended Complaint filed in *United States v. Pharmacia Corp., et al.*, Civ No. 99-63-DRH, (Murphy, C.J.).

The United States complaint alleges that:

- a. Industrial Salvage and Disposal Company was started by Leo Sauget, Paul's father and operated three landfills in Sauget, Illinois. These landfills are designated for remedial purposes as Sites G, H and I and part of the Sauget Area 1 Superfund Site.
- b. Paul Sauget became an officer and director of Industrial Salvage in 1959, and operated the landfills in a defacto partnership with his father. The name of the company changed in 1965 to Sauget & Company.
- c. Paul Sauget was the President, owner and operator of Sauget & Company from at least 1972 to 1984, and exercised control over the landfill operations of Sauget & Company.
- d. Hazardous substances were disposed at Sites G, H and I during the time when Paul Sauget operated these landfills.
- e. Investigation and remediation of the Sauget Area 1 Superfund Site are ongoing. To date the United States has incurred in excess of \$4 million in past costs. Estimated costs of the final remedial action range from \$40 million to \$100 million.

Proceedings in *U.S. v. Pharmacia* were trifurcated into a liability, allocation and damages phase. During a status conference on September 15, 2003, Chief Judge Murphy issued an oral ruling denying Home Insurance Company's request to stay the case pending its liquidation. Subsequently, on November 4, 2003, the liability trial in *U.S. v. Pharmacia* began. Settlement negotiations between the United States and Paul Sauget's counsel during the trial resulted in the a settlement in the form of a consent decree, entering judgement against Paul Sauget for \$9.2 million. See Attachment 3. After the required notice and comment period, the Court entered the decree on November 12, 2003.

II. Amount of Claim

The Consent Decree requires Paul Sauget to pay \$60,000 in cash to the United States and the remainder of the \$9.2 million is to be satisfied from insurance proceeds pursued by the insured, Paul Sauget. To date, no portion of this judgment has been satisfied by other insurance.

Based upon information produced by Paul Sauget, the Home Insurance Company issued general liability policies to both Industrial Salvage and Sauget & Company. Accordingly, as an officer of Industrial Salvage and Sauget & Company, Paul Sauget is covered as an insured under those policies.

ATTACHMENT 1

PROOF OF CLAIM

THE HOME INSURANCE COMPANY

Insured: Ace Manzo Inc., &/or Dominick and Carmella Manzo &/or D. Manzo & Son, Inc. &/or Dominick & Carmella Manzo &/or D&C Leasing & Realty Company

Claimant: The United States on behalf of the U.S. Environmental Protection Agency

I. Nature of Claim

On January 14, 1997, the United States of America ("United States"), on behalf of the U.S. Environmental Protection Agency, filed a complaint in the District of New Jersey pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. § 9607, against Dominick Manzo, Carmella Manzo, and Ace-Manzo, Inc. (collectively, the "Manzos") (See Attachment 2, Complaint filed in United States v. Dominick Manzo, Carmella Manzo, and Ace-Manzo, Inc.). The complaint seeks recovery of unreimbursed response costs incurred to clean up the Manzo Superfund Site located within Marlboro Township, Monmouth County, and Old Bridge Township, Middlesex County, New Jersey ("Site").

In response to cross-motions for summary judgment the District Court held that Dominick and Carmella Manzo are each liable as an owner of the Site, and Ace Manzo, Inc., is liable as a transporter, pursuant to CERCLA. (See Attachment 4, 182 F.Supp.2d 385). The Court found that a genuine issue of fact existed as to whether the harm was divisible among the Manzos and/or other individuals. After a bench trial concerning divisibility, the District Court held that the defendants are jointly and severally liable for the Government's response costs associated with the second and third operable units at the Site. (See Attachment 3, 279 F.Supp.2d 558). Barring settlement, a final phase of trial on costs remains to be scheduled by the District Court.

II. Amount of Claim

To date, the United States has incurred approximately \$21,276,774 in past response costs associated with the second and third operable units at the Site, and will continue to incur response costs in the future in connection with the clean up of the Site. To date, the United States' response costs have not been paid.

Based upon information provided by the Manzos, the Home Insurance Company issued an Excess Liability Policy for the period between January 1, 1985 and January 1, 1986 that included Ace Manzo, Inc., Carmella Manzo, and Dominick Manzo as named insureds. (See Attachment 1, Insurance Policy HXL1 639337).

The Federal Priority Act, 31 U.S.C. § 3713, provides the United States with certain rights of priority that may be applicable.

Attachment 1

Proof of Claim for R. Lavin & Sons, Inc.: Claim by the United States for CERCLA Response Costs.

I. Nature of Claim

Exhibits A and B to this Attachment are filings made by the United States in In re: R. Lavin & Sons, Inc., Case No. 01 B 06301 (U.S. Bankr. Ct., N.D. Ill.). These Exhibits describe in detail the nature of the United States' claim. Briefly, the United States, on behalf of the U.S. Environmental Protection Agency ("EPA"), the U.S. Department of the Navy ("Navy"), the U.S. Department of the Interior ("DOI"), and the National Oceanic and Atmospheric Administration of the U.S. Department of Commerce ("NOAA"), asserts a claim under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. §§ 9601 *et seq.*, for recovery of or protection of past and future response costs and natural resource damages in connection with R. Lavin & Son Inc.'s secondary refiner-smelter in North Chicago, Illinois (the "Plant"). R. Lavin & Sons, Inc. (the "Insured") is covered by insurance policies issued by The Home Insurance Company.

From at least 1941 until its closing in July 2001, the Plant was operated by the Insured. The Plant was one of the largest North American secondary smelters and refiners of copper-based alloys, producing approximately 100 tons of bronze and brass ingots per day. The Insured recycled in excess of eighty-five million pounds of scrap metal annually, generating hazardous wastes through furnace clean-outs and furnace dismantlings, flue dust collection, and contact cooling water treatment.

The Plant is situated near Pettibone Creek (the "Creek"), a tributary to Lake Michigan. Immediately downstream from the Plant, the Creek flows through a wildlife area, a boat basin, an inner harbor, and an outer harbor at a Naval base known as Naval Training Center Great Lakes ("NTC"). The boat basin, inner harbor, and outer harbor at NTC shall be collectively referred to as the "Harbor."

II. Amount of Claim

According to a 1993 CERCLA Screening Site Inspection performed by the Illinois Environmental Protection Agency, soil/sediments at the Plant and downstream Creek and Harbor sediments are contaminated with hazardous substances, including, but not limited to, copper, lead, and zinc. In response to Creek and Harbor contamination, the Navy has undertaken assessments and other investigative actions, including: sampling of Creek and Harbor sediments to determine the extent of contamination; commencing an environmental assessment to measure significant impacts that may result from dredging contaminated sediments; continued visual monitoring (from an off-site location) of the levels of water in the surface impoundments on Insured's property to determine whether or not they were overflowing in dry weather conditions and were otherwise in compliance with the terms of the applicable NPDES permit; and

expending staff time and hiring consultants to accomplish the above. As a result, the Navy has incurred response costs of approximately \$268,000.00, not including staff costs.

Because there is not yet a Record of Decision ("ROD") selecting a remedy to address the release and threatened release of hazardous substances or an investigation by EPA of the scope of contamination at the Plant, the ultimate response cost is not currently known with precision. The Navy presently estimates that it will incur costs between \$9,500,000.00 and \$14,500,000.00 in implementing a future response action under CERCLA. In addition, with respect to natural resources damages, the Navy, NOAA and DOI have incurred post-petition assessment costs of \$4,392 and anticipate that they will ultimately incur between \$1,500,000.00 and \$2,000,000.00 in natural resource damages. These estimates represent the total costs of any future response action or restoration.

A

POC#: CLMN710659
ATTACHMENT A

The United States of America, on behalf of the U.S. Environmental Protection Agency ("EPA"), files this Proof of Claim as it relates to a known claim that EPA holds against The Home Insurance Company's ("Home") insured, Azusa Pipe and Tube Bending Corp. ("Azusa Pipe"), at the Baldwin Park Operable Unit ("BPOU") located in the San Gabriel Valley in Los Angeles County, California. Azusa Pipe is liable at BPOU as a person who, at the time of disposal of a hazardous substance, operated a facility at which such hazardous substances were disposed of, within the meaning of Section 107(a)(2) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), 42 U.S.C. § 9606(a)(2). The United States' CERCLA claims at BPOU relate to past costs incurred and future costs to be incurred by EPA while conducting the investigation and remedial actions at BPOU. As of June 30, 2004, the United States had incurred response costs in connection with BPOU of approximately \$32.1 million. The United States has received reimbursement to date in the sum of approximately \$11.4 million and expects to receive \$199,000 from an approved settlement in the Bankruptcy Court for the Southern District of Ohio. If proposed settlements at BPOU that are currently lodged in the Central District of California are entered by the Court, the United States will receive an additional \$14.3 million. The United States continues to incur response costs in connection with BPOU.

There is good cause for the Liquidator to accept this Proof of Claim after the filing deadline pursuant to N.H. Rev. Stat. § 402-C:37 because the United States acted promptly to file its claim against Home as soon as we learned of the claim's existence. The United States sent a letter to Azusa Pipe on August 4, 2005, notifying the company that the United States was prepared to file an action against Azusa Pipe pursuant to CERCLA to recover response costs related to BPOU. We are informed and believe that Azusa Pipe tendered a claim to its insurance companies to defend Azusa Pipe against the United States' claims. The United States was not aware that Azusa Pipe had insurance coverage with Home until we received the letter from "The Home Insurance Company in Liquidation" dated October 18, 2005. We promptly filed this Proof of Claim within the 30-day period provided by that letter.

Moreover, the United States filed a protective Proof of Claim on behalf of EPA, Department of the Interior, and the National Oceanic and Atmospheric Administration of the Department of Commerce on June 10, 2004, to cover any claims held by those agencies that were not currently known at that time or were not currently known at that time to relate to Home. We stated: "If or when the United States learns of actual claims held by these agencies, the United States will file an Amended Proof of Claim relating to the specific actual claim." (A copy of this protective Proof of Claim is included as Attachment B.) The protective Proof of Claim was filed before the deadline. In accordance with the protective Proof of Claim, the United States now files this Proof of Claim because we learned of EPA's specific claim against Azusa Pipe, Home's insured. The United States reserves the right to supplement this Proof of Claim.

The Liquidator also has good cause to accept this Proof of Claim after the filing deadline because Home's reimbursement of EPA's past costs at BPOU would serve a vital public interest.

Congress enacted CERCLA for two primary purposes: (1) to ensure that hazardous substances released into the environment are promptly and properly cleaned up; and (2) to ensure that the cost of cleanup is borne by those parties responsible for the releases. See, e.g., Kaiser Aluminum v. Catellus Dev. Corp., 976 F.2d 1338, 1340 (9th Cir. 1992). The Liquidator should take CERCLA's twin goals into account and interpret New Hampshire law in light of the public's interest in protecting the environment.

FOR LIQUIDATOR'S USE ONLY
 DATE PROOF OF CLAIM RECEIVED

The Deadline for Filing this Form is June 13, 2004.

You should file this Proof of Claim form if you have an actual or potential claim against The Home Insurance Company of any of its former subsidiaries* ("The Home") even if the amount of the claim is presently uncertain. To have your claim considered by the Liquidator, this Proof of Claim must be postmarked no later than June 13, 2004. Failure to timely return this completed form will likely result in the DENIAL OF YOUR CLAIM. You are advised to retain a copy of this completed form for your records.

- The United States of America on behalf of U.S. EPA, U.S. DOJ and NOAA, DoD and other agencies.
- Claimant's Name: U.S. EPA, U.S. DOJ and NOAA, DoD and other agencies.
 - Claimant's Address: Department of Justice P.O. Box 7611
Ben Franklin Station, Washington, DC. 20044
 - Claimant's Telephone Number: 202-307-1859
 Fax Number: 202-616-2427
 Email address: myles.flint@usdoj.gov
 - Claimant's Social Security Number, Tax ID Number or Employer ID Number: N/A
 - Claim is submitted by (check one):
 a) Policyholder or former policyholder
 b) Third Party Claimant making a claim against a person insured by The Home
 c) Employee or former employee
 d) Broker or Agent
 e) General Creditor, Reinsurer, or Reinsured
 f) State or Local Government Entity
 g) Other; describe: _____

If your name, address, e-mail address, or telephone number set forth above are incorrect, or if they change, you must notify the Liquidator so she can advise you of new information.

Describe in detail the nature of your claim. You may attach a separate page if desired. Attach relevant documentation in support of your claim, such as copies of outstanding invoices, contracts, or other supporting documentation.

See attachment A

6. Indicate the total dollar amount of your claim. If the amount of your claim is unknown, write the word "unknown". **BUT** be sure to attach sufficient documentation to allow for determination of the claim amount.

\$ unknown (if amount is unknown, write the word "unknown").

7. If you have any security backing up your claim, describe the nature and amount of such security. Attach relevant documentation.

N/A

8. If The Home has made any payments towards the amount of the claim, describe the amount of such payments and the dates paid:

unknown

9. Is there any setoff, counterclaim, or other defense which should be deducted by The Home from your claim?

unknown

10. Do you claim a priority for your claim? If so, why: The Federal Priority Act, 31 U.S.C. 3712, provides the United States with certain rights of priority that may be applicable.

11. Print the name, address and telephone number of the person who has completed this form.
 Name: Myles E. Flint II
 Address: U.S. Dept. of Justice
P.O. Box 7611, Ben Franklin Station, Washington, DC. 20044

THE STATE OF NEW HAMPSHIRE**MERRIMACK, SS.****SUPERIOR COURT**

In the Matter of the Liquidation of The Home Insurance Company

No. 03-E-106

ORDER

On June 26, 2003, the claimant, Hilda S. Solis, Secretary of the United States Department of Labor (“DOL”), filed a proof of claim seeking \$2,672,527 in assessments owed by The Home Insurance Company (“Home”) to the “Special Fund” of the Longshore and Harbor Workers’ Compensation Act (the “Longshore Act”), 33 U.S.C. §§ 901–50. On October 28, 2010, Liquidator Roger A. Sevigny issued a notice of redetermination allowing DOL’s claim in full but assigning it as a class III claim under RSA 402-C:44. Thereafter, the DOL sought a declaratory judgment in federal court; specifically, seeking an order declaring that the liquidator’s order was preempted under federal law. The federal action was dismissed. *See Solis v. Home Insurance Co.*, 848 F. Supp. 2d 91 (D.N.H. 2012). Before this court is the DOL’s appeal from the liquidator’s classification of DOL’s Special Fund assessments as a class III claim. The liquidator objects.¹ Because the liquidator appropriately classified the DOL claim as one entitled to class III priority, his determination is AFFIRMED.

On June 13, 2003, Home was declared insolvent and placed in liquidation by this court. RSA chapter 402-C governs the liquidation of insurers. Pursuant to RSA 402-C:21, I, RSA 402-C:25, VI and the superior court’s liquidation order, the liquidator is vested with title to and charged with administering and collecting Home’s assets for distribution to Home’s creditors.

¹ In addition, fifteen state guaranty associations intervened and filed a brief objecting to the DOL appeal.

The parties agree that Home was assessed \$2,672,527 in Special Fund assessments for 2000–2004 that it has failed to pay. As a preliminary matter, the court details the Special Fund assessments below.

The Longshore Act “creates an extensive workers’ compensation program that protects longshore and other specific classes of workers whose injuries occur upon navigable waters of the United States or adjoining facilities like piers and dry docks.” *Solis*, 848 F. Supp. 2d at 95 (citations and quotations omitted). Under the Longshore Act, employers are required to secure payment of compensation to injured employees “through a contract with an insurance carrier or ... by qualifying as a self-insurer with the DOL.” *Id.*, citing 33 U.S.C. § 932(a). Section 944 of the Longshore Act creates a “Special Fund” held in trust and administered by the DOL. 33 U.S.C. § 944(a). “The Special Fund operates primarily (1) to provide to ‘second injury’ workers compensation beyond that which employers are required to provide (33 U.S.C § 908), and (2) to provide compensation to workers in the event of employer insolvency (33 U.S.C § 918).”² *Solis*, 484 F. Supp. 2d at 96.

As indicated, payments from the Special Fund in the event of employer insolvency may be disbursed through Section 918 to an eligible employee. *See* 33 U.S.C. §§ 918(b), 944(I). “In other words, Section 918 payments from the Special Fund act as a safety net with respect to the relationship between worker and employer. However, the Special Fund does not pay compensation to claimants where an insurer becomes insolvent.” *See Solis*, 848 F. Supp. 2d at 97, citing 33 U.S.C. § 944 and *B.S. Costello v. Meagher*, 867 F.2d 722, 724 (1st Cir. 1989). Ultimately, the employer remains liable in the event the insurer is unable to pay the claim. *See B.S. Costello*, 867 F.2d at 724 (when insurer becomes insolvent, employer is liable for compensation).

² “Second injury” occurs when a partially disabled worker suffers a work-related injury that increases her disability. *See* 33 U.S.C. §908(f)(1).

- 3 -

The Special Fund is primarily funded through annual assessments made by the DOL Secretary against insurance carriers and self-insured employers. See 33 U.S.C. § 944(c)(2). “In determining how much to assess against each self-insured employer or insurance carrier, the Secretary applies a calculation that takes into consideration each entity’s compensation payments during the preceding calendar year and second injury payments made during the preceding calendar year that are ‘attributable to each entity.’” *Solis*, 848 F. Supp. 2d at 97, quoting *Reich v. Bath Iron Works Corp.*, 42 F.3d 74, 75–76 (1st Cir. 1994). If an insurance carrier fails to pay assessments, the Secretary is authorized to initiate a civil action to collect those unpaid assessments. See 33 U.S.C. § 944(h).

The DOL contends that the Special Fund assessments for years 2003 and 2004 are administrative costs and, thus, should be classified as claims under priority I. The DOL also asserts that the 2000–2004 assessments are policy related claims under priority II. The liquidator disagreed and designated the assessments as class III priority. The instant appeal followed.

RSA 402-C:44 governs the order of distribution of claims from a liquidated insurer’s estate and establishes classes of claimants as part of the distribution process. After a fifty-dollar per claim deductible, “every claim in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment.” RSA 402-C:44. RSA 402-C:44 provides, in pertinent part, that “[t]he order of distribution of claims from the [insolvent] insurer’s estate shall be[:]”

I. ADMINISTRATION COSTS. The costs and expenses of administration, including but not limited to the following: the actual and necessary costs of preserving or recovering the assets of the insurer; compensation for all services rendered in the liquidation; any necessary filing fees; the fees and mileage payable to witnesses; and reasonable attorney’s fees.

II. POLICY RELATED CLAIMS. All claims by policyholders, including claims for unearned premiums in excess of \$50, beneficiaries, and insureds arising from and within the coverage of and not in excess of the applicable limits of insurance policies and

- 4 -

insurance contracts issued by the company, and liability claims against insureds which claims are within the coverage of and not in excess of the applicable limits of insurance policies and insurance contracts issued by the company and claims of the New Hampshire Insurance Guaranty Association, the New Hampshire Life and Health Insurance Guaranty Association and any similar organization in another state....

III. CLAIMS OF THE FEDERAL GOVERNMENT.

The court will first address the DOL's assertion that it is entitled to class I priority for the 2003 and 2004 assessments. The DOL claims class I priority for 2003 and 2004 Special Fund assessments because they were assessed after Home's liquidation on June 13, 2003 and are mandatory ongoing legal obligations, similar to income tax, that are unavoidable costs of administering the estate. The court disagrees.

"[The court is] the final arbiter of the intent of the legislature as expressed in the words of a statute. Where a statute fails to define a disputed term, [the court] assign[s] its plain and ordinary meaning. Moreover, [the court] interpret[s] the plain meaning of a statute to effectuate its underlying purpose." *Benson v. New Hampshire Guaranty Ins. Ass'n*, 151 N.H. 590, 594–95 (2004). "'Administer' (and by extension 'administration') appears within the statutory scheme only in relation to authorized activities undertaken in furtherance of the liquidation." *In re Liquidation of Home Ins. Co. (Home II)*, 158 N.H. 396, 399 (2009), quoting RSA 402–C:21. Thus, in order to constitute an administration cost, the assessments must be made in furtherance of the liquidation. *See id.* While the 2003 and 2004 assessments were assessed after Home's liquidation, they arose from Home's compensation and second injury payments of the previous calendar year and are separate and distinct from the liquidation. *Id.* at 399; *see In re Liquidation of The Home Insurance Co. (Home I)*, 154 N.H. 472 (2006) (upholding superior court's ruling that class V reinsurance claim settlements were administration costs because settlement was in furtherance of liquidation agreement). Because the Special Fund assessments do not further the liquidation or

preserve or recover assets of the estate, they cannot be assigned class I administration cost priority. *See* RSA 402-C:44, I.

The DOL's assertion that the assessments are similar to ongoing legal obligations like federal income tax is misplaced. The assessments are not a tax but instead a "user fee" and "fee attendant to regulation." *See Brock v. Washington Metro Area Transit Authority*, 796 F.2d 481, 485 (D.C. Cir. 1986). As explained above, these assessments arise out of Home's compensation and second injury payments in the previous calendar year, and they do not preserve or recover assets of the estate. Thus, the assessments cannot be classified as a cost of doing the liquidator's business in furtherance of liquidation.

The court will next address the DOL's claim of class II priority for the 2000–2004 assessments. The DOL contends the 2000-2004 Special Fund assessments are entitled to class II priority because the Special Fund is a "similar organization" to the New Hampshire Insurance Guaranty Association. As indicated above, RSA 402-C:44, II defines class II claims, in relevant part, as "claims of the New Hampshire Insurance Guaranty Association, the New Hampshire Life and Health Insurance Guaranty Association and any similar organization in another state." The liquidator did not categorize the 2000–2004 assessments as class II claims because he determined that the Special Fund is not a "similar organization" to the New Hampshire Insurance Guaranty Association. The court agrees with the liquidator.

The New Hampshire Insurance Guaranty Association's express purpose is to protect insurance policy holders against financial loss due to an insolvent insurer. *See* RSA 404-B:2. As explained above, the Special Fund is a "safety net" in the event an employer becomes insolvent. *See Solis*, 848 F. Supp. 2d at 97. Thus, the Special Fund is not a similar organization to the New Hampshire Insurance Guaranty Association—it does not guaranty payment in the event an

- 6 -

insurer becomes insolvent. Instead, in the event an insurer becomes insolvent, the Special Fund requires that the employer is responsible for the unpaid payments. *See Solis*, 848 F. Supp. 2d at 97, citing *B.S. Costello*, 867 F.2d at 724.

The Special Fund assessments are a claim of the federal government. RSA 402-C:44 assigns such claims a class III priority. For the reasons, set forth above, the court concludes that the liquidator's assignment of the Special Fund assessments to class III priority was consistent with the statute. Accordingly, the liquidator's determination is AFFIRMED.

So ORDERED.

THE STATE OF NEW HAMPSHIRE

MERRIMACK, SS.

SUPERIOR COURT

Docket No. 03-E-0106

In the Matter of the Liquidation of
The Home Insurance Company

[PROPOSED]

ORDER APPROVING SIXTH EARLY ACCESS DISTRIBUTION

On consideration of the motion of Roger A. Sevigny, Insurance Commissioner of the State of New Hampshire, as Liquidator ("Liquidator") of The Home Insurance Company ("Home"), for approval of a sixth early access distribution to insurance guaranty associations pursuant to RSA 402-C:29, III and the Early Access Distribution Plan approved on October 22, 2003, and of the supporting Affidavit of Peter A. Bengelsdorf, Special Deputy Liquidator, it is hereby ORDERED as follows:

1. The sixth early access distribution is reasonable, prudent and in the best interests of the liquidation of Home.
2. The Liquidator's Motion for Approval of Sixth Early Access Distribution to Insurance Guaranty Associations is GRANTED, and the proposed sixth early access distribution based on reported guaranty association payments through September 30, 2009, less recoveries and prior early access distribution amounts, all as set forth on Exhibit A to the Bengelsdorf Affidavit, is APPROVED.
3. To be eligible to receive the sixth early access distribution, a guaranty association must have executed an Early Access Distribution Agreement in the form approved as part of the Early Access Distribution Plan.
4. In the event that Home made a deposit in a state and that deposit has not been returned to the Liquidator before the date of the sixth early access distribution, the Liquidator may deduct the amount of the deposit not previously deducted from the prior early access distributions from the sixth early access distribution to that state's guaranty association.
5. The sixth early access distribution is subject to a distribution cap equal to forty percent of the total incurred costs (paid amounts plus case reserves but not including incurred but not reported reserves) projected by each guaranty association.

6. The Liquidator may withhold the early access amount concerning any individual claim or recovery which is the subject of a request for clarification made by the Liquidator of the guaranty association.

7. The sixth early access distribution is subject to the receipt of a waiver of federal priority claims under 31 U.S.C. 3713 from the United States in a form acceptable to the Liquidator.

8. The receipt of a sixth early access distribution by a guaranty association shall not be deemed to constitute an admission by the guaranty association that allocated loss adjustment expense ("ALAE") is a Class II claim.

APPROVED
So Ordered.

Presiding Justice

RECEIVED

MAY 24 2010

NH INSURANCE DEPARTMENT

RELEASE AGREEMENT

In order to permit a distribution of the assets of the estate of The Home Insurance Company ("Home Insurance") pursuant to orders of the liquidation court, this Release Agreement is being executed by the United States and Roger A. Sevigny, Insurance Commissioner of the State of New Hampshire, in his sole capacity as statutory and court-affirmed Liquidator ("Liquidator") of Home Insurance.

I. PARTIES

The parties to this Release Agreement are the United States and the Liquidator (collectively, the "Parties").

II. RECITALS

1. The parties do not intend this Release Agreement to release any possible claims the United States may have or may acquire against anyone for tax, fraud (including, but not limited to, securities and pension benefit fraud), or criminal liabilities to the United States.
2. Except for the express terms of this Release Agreement, the parties do not intend to create, enhance, diminish, defeat or otherwise affect such claims, if any, as the United States may have against the Liquidator or Home Insurance's estate.
3. The parties understand that this Release Agreement may be subject to approval of the Court which is supervising the liquidation of Home Insurance.
4. The United States enters into this Release Agreement in reliance upon the representations contained in the November 13, 2009 Affidavit of Peter A. Bengelsdorf, Special Deputy Liquidator, in Support of Approval of Sixth Early Access Distribution, with attachments ("Affidavit"), attached as Exhibit A to this Release Agreement.

III. AGREEMENT

1. Except only for possible federal tax, fraud, or criminal claims, the United States hereby releases and discharges the Liquidator, his agents and representatives from any and all liability under 31 U.S.C. § 3713(b) in connection with the Home Insurance Sixth Early Access Distribution to guaranty associations listed in the attachment to the Affidavit in the total amount of \$37,046,864.48.

2. Under the terms of this Release Agreement, the United States or its duly authorized representative shall have the right, prior to the destruction of Home Insurance's records in accordance with the orders of the liquidation Court, during normal business hours, on a date and at a location agreed upon by the parties, to inspect, and if it wishes, to copy at its own expense, such documents, books, and records of the estate, and of the Liquidator, as shall be reasonably necessary to determine the existence and amount of claims the United States may have against the Home Insurance estate, or to determine the Liquidator's compliance with the terms of this Release Agreement. No documents, books, or records of the estate or Liquidator may be destroyed unless notice is given to the United States of any motion filed with the Court requesting approval of the destruction. If the Liquidator does not request approval from the Court, he must obtain prior written authorization from the United States before destruction of any documents, books, or records of the estate or Liquidator.

3. Except for the express undertakings of the Liquidator and the United States in this Release Agreement, nothing in this Release Agreement shall be construed

(a) to establish or perfect any claims, substantive rights, or procedural rights of the United States;

(b) to limit, restrict, diminish, or defeat any claim, substantive rights, or procedural rights of the United States;

(c) to establish or perfect any objections or defenses, substantive rights, or procedural rights of the Liquidator; or

(d) to limit, restrict, diminish, or defeat any defenses, substantive rights, or procedural rights of the Liquidator.

4. The parties agree that this Release Agreement shall not be effective unless and until it is approved by the Court, if approval is required, and the time for appeals of any such approval has expired. The parties further agree to cooperate with each other in seeking prompt approval of this Release Agreement from the Court, including but not limited to making the necessary witnesses available for testimony considered necessary or appropriate to provide the Court with an adequate record upon which to approve this Release Agreement.

THE STATE OF NEW HAMPSHIRE

MERRIMACK, SS.

SUPERIOR COURT

Docket No. 03-E-0106

**In the Matter of the Liquidation of
The Home Insurance Company**

**AFFIDAVIT OF PETER A. BENGELSDORF, SPECIAL DEPUTY
LIQUIDATOR, IN SUPPORT OF APPROVAL OF SIXTH
EARLY ACCESS DISTRIBUTION**

I, Peter A. Bengelsdorf, hereby depose and say:

1. I was appointed Special Deputy Liquidator of The Home Insurance Company ("Home") by the Insurance Commissioner of the State of New Hampshire, as Liquidator ("Liquidator") of Home. I submit this affidavit in support of the Liquidator's Motion for Approval of Sixth Early Access Distribution to Insurance Guaranty Associations ("Motion"). The facts and information set forth below are either within my own knowledge gained through my involvement with this matter, in which case I confirm that they are true, or are based on information provided to me by others, in which case they are true to the best of my knowledge, information and belief.

2. The Motion seeks approval of the sixth early access distribution to insurance guaranty associations in an amount equal to the reported claims that the guaranty associations have paid under Home insurance policies from entry of the liquidation order through September 30, 2009 as reported by October 30, 2009, less (a) guaranty association recoveries, and (b) approved first, second, third, fourth, and fifth early access distribution amounts. The early access distributions will also be subject to deductions for unreturned deposits and questioned claim items and application of a distribution cap equal to forty percent of the total

incurred costs (paid amounts plus case reserves but not including incurred but not reported reserves) projected for each guaranty association.

3. On October 8, 2003, the Liquidator applied for approval of an Early Access Distribution Plan ("Plan") to provide for the disbursement of assets of the Home estate from time to time to the New Hampshire Insurance Guaranty Association ("NHIGA"), the New Hampshire Life and Health Insurance Guaranty Association, and any similar organization in another state (the "guaranty associations") in accordance with RSA 402-C:29, III. The Plan included a form of Early Access Distribution Agreement ("Agreement") to be entered into by guaranty associations receiving an early access distribution. The Court approved the Plan and Agreement by order entered October 22, 2003.

4. The statutory schemes adopted by New Hampshire and other states for the liquidation of insolvent insurers contemplate the ongoing payment by the guaranty associations of most claims under insurance policies issued by the insolvent insurer, subject to statutory and policy limits and conditions. The "covered claims" payable by guaranty associations generally are claims, including claims for unearned premiums, which arise out of and are within the coverage and not in excess of applicable limits of insurance policies issued by the insolvent insurer. The guaranty associations' obligations thus encompass both indemnity payments and defense expense payments (commonly referred to as allocated loss adjustment expense or "ALAE" payments) covered by a policy issued by Home. Such claims are Class II claims.¹

5. On October 1, 2004, the Liquidator moved for approval of a first early access distribution to guaranty associations of approximately \$40.9 million based on reported guaranty fund payments less recoveries through June 30, 2004, subject to deductions based on unreturned

¹ Certain guaranty associations have taken the position that ALAE is a Class I administration cost. The Liquidator agrees that the receipt of an early access distribution by a guaranty association shall not be deemed to constitute an admission by the guaranty association that ALAE is a Class II claim.

deposits held by various states. The Court approved the first early access distribution on October 15, 2004. The Liquidator applied deductions based on deposits held by certain states and made first early access distributions to guaranty associations totaling \$35,321,789.43. The Liquidator moved for approval of a second early access distribution to guaranty associations of approximately \$63.1 million on November 23, 2005, and the Court approved the second early access distribution on December 9, 2005. The Liquidator applied deductions based on deposits held by certain states and made second early access distributions totaling \$57,334,436.82. The Liquidator moved for approval of a third early access distribution to guaranty associations of approximately \$48.4 million on February 1, 2007, and the Court approved the third early access distribution on March 12, 2007. The Liquidator applied deductions and a 40% percentage cap and made third early access distributions totaling \$39,276,227.69. The Liquidator moved for approval of a fourth early access distribution of approximately \$36.4 million on October 30, 2007, and the Court approved the fourth early access distribution on November 16, 2007. The Liquidator applied deductions and a 40% percentage cap and made fourth early access distributions totaling \$33,805,881.59 on November 13, 2008. The Liquidator moved for approval of a fifth early access distribution of approximately \$39.1 million on November 25, 2008, and the Court approved the fifth early access distribution on January 12, 2009. The Liquidator applied deductions and a 40% percentage cap and made fifth early access distributions totaling \$22,843,900.03 on March 18, 2009.

6. Since the commencement of this liquidation proceeding, fifty-seven guaranty associations have reported making indemnity or ALAE payments under insurance policies issued by Home. As of October 30, 2009, the guaranty associations have reported paying \$293,865,033.75 under policies of insurance issued by Home through September 30, 2009

(\$260,025,857.37 in indemnity and \$33,839,176.38 in ALAE). The guaranty associations also reported recoveries (e.g., subrogation, net worth and second injury fund recoveries) totaling \$25,625,282.56, so the guaranty association payments after recoveries total \$268,239,751.19 at this time. The approved first, second, third, fourth, and fifth early access distribution amounts – paid by the estate or through deduction of state deposits – totaled \$231,192,886.71, so the potential total for the sixth early access distribution is \$37,046,864.48.² A chart showing the payments and recoveries through September 30, 2009 (as reported by each guaranty association through October 30, 2009) together with the previous early access payments and the potential sixth early access distribution amounts is attached hereto as Exhibit A.

7. As of September 30, 2009, the unrestricted liquid assets of the Home estate in the Liquidator's control totaled \$974,545,023 as set forth in the Statement of Net Assets attached hereto as Exhibit B. The liquid assets available to the Liquidator are thus approximately twenty-six times the amount of the guaranty associations' payments eligible for a sixth early access distribution, and they exceed those payments by approximately \$937 million. The liquid assets that would remain after the proposed sixth early access distribution are approximately 3.5 times the amount of the guaranty associations' net payments through September 30, 2009.

8. To receive an early access distribution under the Plan, a guaranty association must execute the Agreement. The Agreement provides that the signatory guaranty association will return early access distributions that the Liquidator subsequently determines are necessary to pay claims of secured creditors or creditors whose claims fall into the same or a higher priority class than those of the guaranty association. This is sometimes referred to as "claw back". All but two guaranty associations have executed the Agreement. (Those two guaranty associations have

² The amounts paid by guaranty associations and the prior early access distribution amounts in this paragraph include the \$3,148,212.13 paid to workers compensation claimants on behalf of guaranty funds during 2003 by the Liquidator as advances on early access distributions in order to avoid disruptions in payments to the claimants.

not received any early access distributions, although the deposits held in their states exceed their current paid amounts.)

9. It is expected that the guaranty associations will submit significant additional requests for reimbursement from the Home estate in the future due to their ongoing obligations on covered claims under policies of insurance issued by Home. The first two early access distributions equaled one hundred percent (100%) of the amounts the guaranty funds had paid as of September 30, 2005. The third, fourth and fifth early access distributions were based on 100% of guaranty fund payments as of September 30, 2006, September 30, 2007, and September 30, 2008 respectively, but they were subject to a distribution cap equal to forty percent (40%) of the total incurred costs (paid amounts plus case reserves but not including any incurred but not reported reserves) projected by each guaranty association. The Liquidator plans to apply this 40% cap to the proposed sixth early access distribution as well. The cap is designed to avoid situations in which a "claw back" pursuant to RSA 402-C:29, III(b)(4) may be necessary by keeping each guaranty association's total early access distributions at a level of no more than 40% of its total projected incurred costs. The cap is expected to affect twenty-two guaranty associations: Alaska Insurance Guaranty Association, Florida Insurance Guaranty Association, Florida Workers Compensation Insurance Guaranty Association, Hawaii Insurance Guaranty Association, Maryland Property and Casualty Insurance Guaranty Association, Massachusetts Insurers Insolvency Fund, Missouri Insurance Guaranty Association, Montana Insurance Guaranty Association, Nebraska Insurance Guaranty Association, New Hampshire Life and Health Insurance Guaranty Association, Nevada Insurance Guaranty Association, New Jersey Workers Compensation Security Fund, New York Liquidation Bureau, Ohio Insurance Guaranty Association, Ohio Life & Health Insurance Guaranty Association, Pennsylvania Worker's

Compensation Security Fund, South Dakota Property & Casualty Insurance Guaranty Association, Utah Insurance Guaranty Association, Vermont Insurance Guaranty Association, Washington Insurance Guaranty Association, West Virginia Insurance Guaranty Association, and the West Virginia Life and Health Insurance Guaranty Association. Use of the cap will reduce the amount distributed in the sixth early access distribution by a total of approximately \$14.1 million.

10. Prior to liquidation, Home had made deposits in a number of states as required by the laws of those states. As contemplated by the Early Access Distribution Plan and the orders approving the prior early access distributions, the Liquidator deducted the amount of deposits in certain states from the prior distributions where the deposit had not been returned to the Liquidator. This served to provide equivalent reimbursement from Home to the various guaranty associations. Where deposits remain unreturned and were not deducted in connection with the prior early access distributions, the Liquidator may deduct the amount of a deposit in a particular state from the sixth early access distribution to the guaranty association in the state.

11. The Liquidator asks guaranty associations for clarification regarding payments or recoveries with respect to specific claims. There is now one such inquiry pending (with the Tennessee Insurance Guaranty Association), and the Liquidator plans to withhold the early access distribution based on such claim until the inquiry is resolved. The guaranty association has been contacted about the question.

12. As noted in the Plan, the United States Department of Justice has asserted in other insurer liquidations that the claim filing deadline does not apply to claims by the Federal Government in light of the federal priority act, 31 U.S.C. § 3713, so that it can at any time file claims entitled to payment by the Receiver on pain of personal liability. The Liquidator obtained

limited waivers of alleged federal priority claims as a precondition to making the prior early access distributions, and will need to obtain a waiver before making the sixth early access distribution as well.

Signed under the penalties of perjury this 13th day of November, 2009.

THE STATE OF NEW HAMPSHIRE

MERRIMACK, SS.

SUPERIOR COURT

Docket No. 03-E-0106

**In the Matter of the Liquidation of
The Home Insurance Company**

**LIQUIDATOR'S MOTION FOR APPROVAL OF INTERIM
DISTRIBUTION TO CLAIMANTS WITH ALLOWED CLASS II CLAIMS**

Roger A. Sevigny, Insurance Commissioner of the State of New Hampshire, as Liquidator ("Liquidator") of The Home Insurance Company ("Home"), hereby moves for approval of an interim distribution to claimants with allowed Class II claims. As reasons therefor, the Liquidator states:

Introduction

1. The Liquidator's principal goals in this liquidation have been to determine claims and collect assets for the ultimate purpose of distributing assets to the creditors of Home. While there are substantially more claims to determine and assets to collect, the Liquidator believes that it is presently reasonable to make an interim distribution of fifteen (15) percent on Class II claims that have been allowed by the Court. Such a distribution would permit creditors with allowed policy related priority claims to receive a percentage of their claims while reasonably reserving assets to provide for future, equivalent distributions to claimants whose claims have not yet been addressed. The Liquidator accordingly moves for approval of the proposed interim distribution pursuant to RSA 402-C:46, I, subject, however, to receipt of a waiver of priority claims from the United States. Affidavit of Peter A. Bengelsdorf, Special Deputy Liquidator, in Support of Motion for Approval of Interim Distribution to Claimants with Allowed Class II Claims ("Bengelsdorf Aff.") ¶ 2.

Background Regarding Home and the Liquidation

2. Home is a New Hampshire domiciled insurance company incorporated in 1973, although its predecessor corporations were established as long ago as 1853. Home and its subsidiaries (most of which were merged into Home in 1995) wrote insurance and reinsurance in all states and some territories of the United States, as well as in Canada, the United Kingdom, Bermuda and Hong Kong. Home and its subsidiaries generally stopped writing personal lines business in the early 1990's, and they stopped writing all business, including commercial lines (subject to certain personal lines mandatory renewal requirements), in 1995. Bengelsdorf Aff. ¶ 3.

3. By Order of Liquidation entered June 13, 2003, the Court declared Home insolvent and appointed the Insurance Commissioner as Liquidator to liquidate the company pursuant to the Insurers Rehabilitation and Liquidation Act, RSA 402-C ("Act"). Bengelsdorf Aff. ¶ 4.

4. The Liquidator is charged with (a) marshaling and liquidating the assets of Home; (b) investigating and evaluating claims to determine the liabilities of Home and make recommendations for allowance to the Court; and (c) with Court approval, distributing assets to the policyholders, insureds, third party claimants and other creditors of the Home estate (collectively, "claimants"), all in accordance with the provisions of the Act. Bengelsdorf Aff. ¶ 5.

5. As described in the Liquidator's reports, the Liquidator has been investigating, negotiating and determining claims and filing reports of claims and recommendations with the Court. As of December 31, 2011, the Liquidator has presented and the Court has approved claim recommendations, including settlements, for a total of 12,679 Class II claims with a total allowed

amount of approximately \$1.294 billion. (The total Court-approved claim determinations for all Classes is 14,491 claims – 12,537 final and 1,954 partial – with a total allowed amount of approximately \$1.52 billion.) Bengelsdorf Aff. ¶ 6.

6. The Liquidator has also been collecting assets, in particular reinsurance. As a result of these efforts, the Liquidator has approximately \$1.115 billion in unrestricted liquid assets under his control as of December 31, 2011. With Court approval, the Liquidator has also made seven Class II early access distributions to insurance guaranty funds totaling \$215 million as of December 31, 2011.¹ As described in the motions for approval of the early access distributions, the distributions are subject to “claw back” agreements required by RSA 402-C:29, III, under which the guaranty associations will return early access distributions if necessary to pay claims of claimants with claims in the same or a higher priority class. Certain states withdrew deposits that with interest now total approximately \$52 million which the Liquidator is setting off against claims of guaranty associations in those states. Bengelsdorf Aff. ¶ 7.

7. The Liquidator believes that sufficient assets have been collected and sufficient claims determined to warrant consideration of an initial interim distribution. Because any distribution must reserve assets for presently unresolved claims, the Liquidator has engaged the international actuarial consulting firm Milliman, Inc. (“Milliman”) to estimate Home’s unpaid direct liabilities (liabilities with respect to policies of insurance issued by Home). Bengelsdorf Aff. ¶ 8.

¹ This total is the amount distributed by the Liquidator after application of the deductions and cap provided for in the orders approving the early access distributions. The total does not include the recently approved eighth early access distribution, which involves payment of approximately \$15 million, as the motion for approval of that distribution was pending before the Court as of December 31, 2011.

The Statutory Framework for Distributions

8. The Act provides that:

Under the direction of the court, the liquidator shall pay dividends in a manner that will assure the proper recognition of priorities and a reasonable balance between the expeditious completion of the liquidation and the protection of unliquidated and undetermined claims, including third party claims.

RSA 402-C:46, I. Any distribution thus must satisfy two basic conditions. First, the distribution must assure “the proper recognition of priorities.” Second, it must assure a “reasonable balance” between paying money to known creditors (the “expeditious completion of the liquidation”) and protecting the interests of claimants whose claims have not been resolved (the “unliquidated and undetermined claims”).

9. To assure “proper recognition of priorities,” a distribution must comply with the priority provision of the Act, RSA 402-C:44. That statute provides in pertinent part that:

Subject to the \$50 deductible provision, every claim in each class shall be paid in full or adequate funds retained for the payment before the members of the next class receive any payment. No subclasses shall be established within any class.

RSA 402-C:44.² Any distribution must thus assure that (1) all claims in each successive class will be paid in full (or adequate funds retained) before any payment is made to the next succeeding class, and (2) all claims within a class will be treated equally.

10. To assure a “reasonable balance” between completion of the liquidation and protection of undetermined claims, any distribution must both pay funds to those with allowed claims and protect those with claims that have not yet progressed through the claim determination and allowance process of RSA 402-C:41 and 45. That “protection” can only be achieved by reserving funds for unresolved claims so that they may be treated equally with others in the same priority class once they are allowed.

² The \$50 deductible does not apply to claims of guaranty associations. RSA 402-C:44.

The Proposed Interim Distribution

11. The Liquidator seeks approval to make an interim distribution of 15% on allowed and subsequently allowed Class II claims based on the presently available assets, the projected Class I expenses of liquidation, and the unpaid Class II liabilities as estimated by Milliman. Each of these elements is addressed below. Bengelsdorf Aff. ¶ 9.

12. Available Assets. The Liquidator believes it is reasonable and prudent to base an interim distribution on the assets that are presently available. As of December 31, 2011, those assets consist of \$1.115 billion of unrestricted liquid assets held by the Liquidator, the \$215 million in early access distributions previously paid to guaranty associations by the Liquidator subject to statutory claw back, and the \$52 million in deposits withdrawn by states. The total of \$1.382 billion is available to the Liquidator for potential distribution to claimants or to be applied by the Liquidator against the claims of claimants. Bengelsdorf Aff. ¶ 10.

13. While the Liquidator will collect reinsurance in the future, the Liquidator believes it is not reasonable or prudent to base a present distribution on potential collections because of the significant uncertainties over future recoveries. Those uncertainties include, but are not limited to: (a) the timing of any collection, which depends on the timing of the determination of the underlying loss and the billing and payment of reinsurance or on the willingness of reinsurers to agree to a voluntary commutation of reinsurance; (b) the present value discount involved in any commutation; (c) the offsets available to reinsurers; (d) potential defenses to reinsurance coverage for particular claims or types of claims; (e) potential changes in the law; and (f) the possibility that reinsurers may themselves become insolvent or subject to restrictions on payments. The Liquidator will consider the potential for further interim distributions in the future, and assets subsequently collected will be considered at that time. Bengelsdorf Aff. ¶ 11.

14. The Liquidator similarly believes it would not be reasonable or prudent to base a present distribution on future investment returns. Future income on investments is subject to significant uncertainties, including, but not limited to, continuance of the present low interest rate environment for investment grade securities, ongoing indicators of recession, inflationary pressures, large new issuances of government debt, the European sovereign debt crisis, and the amount and timing of distributions and liquidation expenses. Bengelsdorf Aff. ¶ 12.

15. Liquidation Expenses. Any potential distribution must reflect a reserve for the Liquidator's projected Class I administration costs and the Class I claims of guaranty associations. The priority statute requires that adequate funds be retained to pay all Class I costs before any distribution may be made to succeeding priority classes. RSA 402-C:44; see In the Matter of the Liquidation of The Home Ins. Co., 154 N.H. 472, 482 (2006). The Liquidator's expenses are designated as Class I administration costs in RSA 402-C:44, I, while the guaranty associations' claim overhead expenses are accorded the same priority by RSA 404-B:11, II. The Liquidator conservatively estimates that the Class I costs, including both the expenses of the Home liquidation and the guaranty associations' Class I claim overhead expenses, will total approximately \$324 million over the remaining life of the Home estate. Bengelsdorf Aff. ¶ 13.

16. Unpaid Class II Liabilities of Home. In order to assure equal treatment for all Class II claimants, including those with unresolved claims, any potential distribution must provide for all Class II obligations of Home even though they have not yet been determined. See RSA 402-C:46, I. The evaluation of Home's potential Class II liabilities is a complex and challenging task requiring significant expertise, and the Liquidator accordingly engaged the internationally-known Milliman actuarial consulting firm to estimate the unpaid direct

obligations of Home, that is, the total unpaid obligations of Home with respect to its insurance policies. Bengelsdorf Aff. ¶ 14.

17. Milliman has now provided the Liquidator with its February 1, 2012 Analysis of Unpaid Loss and ALAE as of June 13, 2003 and December 31, 2010 (the “Milliman Report”). The Milliman Report estimates Home’s unpaid loss and allocated loss adjustment expense (“ALAE”) and maps those projected liabilities to the applicable priority classes. A copy of the Executive Summary (“Executive Summary”) of the Milliman Report is attached as Exhibit A to the Bengelsdorf Affidavit.³ Bengelsdorf Aff. ¶ 15.

18. As set forth in the Executive Summary, Milliman has provided the Liquidator with its “actuarial Central Estimate” of Home’s unpaid Class II liabilities. The actuarial Central Estimate is an estimate of the expected value over a range of reasonably possible outcomes and is most properly viewed as the average of a wide range of possible outcomes. See Executive Summary at 5 and 8. Milliman’s actuarial Central Estimate of Class II unpaid loss and ALAE is \$4.112 billion. See Executive Summary, Table 2, Page 2. Bengelsdorf Aff. ¶ 16.

19. In addition to the actuarial Central Estimate, Milliman has provided a confidence level table that provides estimates of the unpaid Class II loss and ALAE at higher confidence levels. Executive Summary, Table 1. This reflects the possibility that Home’s Class II liabilities may exceed the actuarial Central Estimate, which is a point in a range of reasonably possible outcomes. The estimate at each higher confidence level is intended to encompass approximately that percentage of the possible outcomes, although there is a range of remaining possible outcomes above each estimate. The results at the higher confidence levels broadly illustrate the

³ “ALAE” as used in the Milliman Report includes both expenses to defend an insured pursuant to defense obligations in a Home insurance policy, which are Class II, and expenses to evaluate and defend against claims for coverage by a policyholder or insured, which are Class I. The estimated unpaid Class I ALAE (see Executive Summary, Table 2, Page 1) is included in the estimated liquidation expenses discussed in paragraph 15 above.

potential variability of outcomes, but are not precise, and the range of potential variability is greater above the Central Estimate than below it. See Executive Summary at 6 and 8.

Bengelsdorf Aff. ¶ 17.

20. As noted above, the priority statute requires that all claimants in a priority class receive equal treatment, RSA 402-C:44, while the distribution statute requires that any distribution protect the interests of claimants with unresolved claims. RSA 402-C:46, I. To comply with these requirements, the Liquidator has determined to use the Milliman estimate of Home's Class II liabilities at the 95% confidence level for purposes of the proposed interim distribution. That confidence level encompasses a reasonable and prudent percentage of potential outcomes, although there is still the possibility of an outcome that exceeds it, perhaps significantly. At the 95% confidence level, Milliman estimates Home's unpaid Class II liabilities to be \$6.584 billion. Executive Summary, Table 1. Because of the application of a 95% confidence level, this estimate is higher than Milliman's actuarial Central Estimate noted in paragraph 18 above. Bengelsdorf Aff. ¶ 18.

21. Allowed Class II Claims. As of December 31, 2011, the Court had allowed Class II claims, including settlements, totaling approximately \$1.294 billion. Of that total, approximately \$276 million are claims of the guaranty associations and \$1.018 billion are claims of policyholders, insureds, and third party claimants. Bengelsdorf Aff. ¶ 19.

22. The Distribution Percentage. Based on the foregoing, and after careful review and consideration of the circumstances, the Liquidator seeks approval to make an interim distribution of 15%. The available assets (\$1.382 billion) less the projected Class I expenses (\$324 million) all divided by the estimated Class II liabilities at the 95% confidence level (\$6.584 billion) produces an initial distribution percentage of 16.07%, which the Liquidator has

rounded to 15%. The determination of the interim distribution percentage is set forth on Exhibit 1 to this motion. Bengelsdorf Aff. ¶ 20.

23. The Liquidator believes the proposed interim distribution percentage is consistent with the mandate of RSA 402-C:46, I, to protect claimants with undetermined claims. As discussed above, the Liquidator is using a 95% confidence level to address the risk that the ultimate Class II liabilities may exceed current estimates. There is also the possibility, with respect to a Home policy with aggregate limits, that the individual claims allowed respecting that policy could over time exceed those limits. In such a case, claim allowances related to that policy would then need to be reduced, as required by RSA 402-C:40, IV, on a pro rata basis to adjust the total of such allowances to the aggregate policy limits. This presents a potential risk, for such policies, that the allowed amounts on which a distribution is based might later be reduced. This further supports taking a conservative approach. However, the Liquidator is tracking claims against policies, and there are a relatively small number of policies that the Liquidator presently believes might be affected. Further, the allowances involving policies with aggregate limits to date are almost all settlement agreements with policyholders that include indemnities against third party claims. At the proposed interim distribution percentage, these agreements present little credit risk (as to the indemnities) because the Liquidator may set off against future distribution amounts to such a policyholder any unsatisfied indemnity obligation. The Liquidator will further address this aggregate limits issue, if warranted, in any future application to increase the interim distribution percentage. Bengelsdorf Aff. ¶ 21.

24. The 15% interim distribution percentage results in a distribution of approximately \$194.1 million. However, an actual cash distribution will only be made to the holders of the \$1.018 billion of allowed non-guaranty association Class II claims, who will receive

approximately \$152.7 million.⁴ The guaranty associations have already received early access distributions at a percentage in excess of the 15% interim distribution, so they will not receive any additional distribution. Instead, the interim distribution amount as to such guaranty associations will no longer be deemed an early access distribution subject to claw back. Bengelsdorf Aff. ¶ 22.

25. Since the interim distribution percentage reflects the Milliman estimate of all Class II liabilities, the Liquidator also seeks approval to make a 15% interim distribution on Class II claims that are allowed after December 31, 2011. The Liquidator will make these interim distributions on later allowed claims after the end of each year with respect to claims allowed during that year. Bengelsdorf Aff. ¶ 23.

26. In accordance with RSA 402-C:44, the first \$50 of the allowed amount on each claim will be deducted from the claim (except for guaranty association claims), and the distribution will be calculated by applying the interim distribution percentage to the remaining amount. Bengelsdorf Aff. ¶ 24.

27. The Liquidator proposes that checks not be issued for a *de minimis* amount of less than \$10 per claimant. Claimants who have received more than one claim allowance will receive only one check for the multiple allowances and thus will not be affected by this *de minimis* threshold, if the distribution on the multiple allowances equals or exceeds \$10. A check will be issued to the claimant if its distribution amount is increased beyond the *de minimis* threshold in the future because it receives additional allowances or because the distribution percentage is increased. In any event, this *de minimis* distribution threshold will not apply to the final distribution. All claimants will receive the ultimate distribution percentage, even if the distribution amount is less than \$10.00. Bengelsdorf Aff. ¶ 25.

⁴ The holders of the claims are the claimants or, where applicable, their assignees.

United States Waiver

28. The interim distribution will be subject to receipt of a waiver of federal priority claims from the United States. The United States Department of Justice (“DOJ”) has asserted in other insurer liquidations that the claim filing deadline does not apply to claims by the Federal Government in light of the federal priority act, 31 U.S.C. § 3713, so that it can at any time file claims entitled to payment by the Receiver on pain of potential personal liability. See 31 U.S.C. § 3713(b); Ruthardt v. United States, 303 F.3d 375, 384-386 (1st Cir. 2002), cert. denied, 538 U.S. 1031 (2003).⁵ Bengelsdorf Aff. ¶ 26.

29. In light of this potential exposure of the Liquidator to the United States for making distributions that reduce the claim-paying ability of the estate, the proposed interim distribution will be subject to receipt of a waiver of claims by the United States in a form acceptable to the Liquidator. While the Liquidator obtained limited waivers of alleged federal priority claims from DOJ as a precondition to the first six early access distributions, the Liquidator sought approval to make the seventh and eighth early access distributions without such a waiver in light of the statutory claw back agreements with guaranty associations discussed above. The interim distribution proposed here, however, will not be subject to such a claw back agreement. Further, even if there were a basis for attempting to retrieve distributed amounts from private claimants, such an effort would be impractical. The interim distribution will be paid to hundreds of private claimants. In the circumstances, the Liquidator believes it would not be reasonable and prudent to make an interim distribution without a waiver of federal priority claims. The Liquidator will seek such a waiver from DOJ promptly after approval of the interim distribution by the Court but does not know when the DOJ will respond. Bengelsdorf Aff. ¶ 27.

⁵ The Liquidator and the United States are litigating priority issues concerning the Longshore and Harbor Workers Compensation Act. Hilda Solis, U.S. Dept. of Labor v. The Home Ins. Co., et al., No. 1:10-cv-572 (D. N.H.).

WHEREFORE, the Liquidator requests that the Court:

- A. Grant this Motion for Approval of Interim Distribution to Claimants with Allowed Class II Claims;
- B. Enter an order in the form submitted herewith approving the interim distribution of 15% to creditors with allowed Class II claims and subsequently allowed Class II claims, after application of the \$50 deductible, and subject to any setoffs Home may have against a particular creditor, to the receipt of a waiver of United States priority claims in a form acceptable to the Liquidator, and to a *de minimis* threshold of \$10; and
- C. Grant such other and further relief as justice may require.

Respectfully submitted,

ROGER A. SEVIGNY, INSURANCE
COMMISSIONER OF THE STATE OF
NEW HAMPSHIRE, SOLELY AS
LIQUIDATOR OF THE HOME
INSURANCE COMPANY,

Exhibit 1Interim Distribution

(\$ in millions)

A Available Assets (12/31/11)

Unrestricted liquid assets	\$1,115
Assets withdrawn by states	52
Early access to GAs	<u>215</u>
Total:	<u>\$1,382</u>

B Class I Unpaid and Estimated Future Administration Costs

Estimated Liquidator administration costs	\$272
Estimated GA Class I claim overhead costs	<u>52</u>
Total:	<u>\$324</u>

C Class II Unpaid Policy Related Claims

Milliman estimate at 95% confidence level:	<u>\$6,584</u>
---	----------------

D. Interim Distribution Percentage

(Assets (A) – Class I Expenses (B)) ÷ Class II Policy Related Claims (C) = Distribution %

(1,382 – 324) ÷ 6,584 = 16.07%, round to 15%

E. Allowed Class II Claims

At 12/31/11 \$1,294 (including \$276 Guaranty Associations claims)

F. Distribution Amounts and Remaining Assets after Initial Distribution

Amount of Initial Interim Distribution:	\$1,294 × 15% = \$194.1
Less GA Portion (already in early access)	276 × 15% = <u>41.4</u>
Amount Paid Out	<u>\$152.7</u>
Unrestricted Liquid Assets	\$1,115
Less Interim Distribution	<u>152.7</u>
Remaining Assets after Initial Distribution	<u>\$962.3</u>
(additional distribution will follow as additional claims are allowed)	

THE STATE OF NEW HAMPSHIRE

MERRIMACK, SS.

SUPERIOR COURT

Docket No. 03-E-0106

In the Matter of the Liquidation of
The Home Insurance Company

[PROPOSED]

ORDER APPROVING INTERIM DISTRIBUTION
TO CLAIMANTS WITH ALLOWED CLASS II CLAIMS

On consideration of the motion of Roger A. Sevigny, Insurance Commissioner of the State of New Hampshire, as Liquidator ("Liquidator") of The Home Insurance Company ("Home"), for approval of an interim distribution to claimants with allowed Class II claims pursuant to RSA 402-C:46, I, and of the supporting Affidavit of Peter A. Bengelsdorf, Special Deputy Liquidator, it is hereby ORDERED as follows:

1. The interim distribution is reasonable, prudent and in accordance with RSA 402-C:46, I.
2. The Liquidator's Motion for Approval of Interim Distribution to Claimants with Allowed Class II Claims is GRANTED, and the proposed interim distribution of fifteen (15) percent is APPROVED.
3. The interim distribution shall be made to claimants, or their assignees, with Class II priority claims under RSA 402-C:44 allowed by the Court through December 31, 2011. The interim distribution shall be made to claimants with subsequently approved Class II claims annually after the end of each calendar year with respect to claims allowed during that year.
4. The portion of guaranty association early access distributions previously made that is equal to the interim distribution shall no longer be subject to recovery by the Liquidator pursuant to the Early Access Distribution Agreement.
5. In accordance with RSA 402-C:44, the first \$50 of the allowed amount on each claim shall be deducted from the claim (except for claims of insurance guaranty associations).
6. The Liquidator shall not issue checks for interim distribution amounts of less than \$10 per claimant.

7. The interim distribution to a claimant shall be subject to any setoff the Liquidator has against the claimant.

8. The interim distribution is subject to receipt of a waiver of federal priority claims under 31 U.S.C. § 3713 from the United States in a form acceptable to the Liquidator.

Approved
So Ordered.

MERRIMACK, SS.

SUPERIOR COURT

Docket No. 03-E-0106

In the Matter of the Liquidation of
The Home Insurance Company

[PROPOSED]

ORDER AMENDING ORDER APPROVING INTERIM
DISTRIBUTION TO CLAIMANTS WITH ALLOWED CLASS II CLAIMS

On consideration of the motion of Roger A. Sevigny, Insurance Commissioner of the State of New Hampshire, as Liquidator ("Liquidator") of The Home Insurance Company ("Home"), to amend the Order Approving Interim Distribution to Claimants with Allowed Class II Claims dated March 13, 2012 (the "Interim Distribution Order"), it is hereby ORDERED as follows:

1. The Liquidator's Motion to Amend Order Approving Interim Distribution to Claimants with Allowed Class II Claims is granted.

2. Paragraph 3 of the Interim Distribution Order is deleted and the following paragraph is inserted in its place:

"3. The interim distribution shall be made to claimants, or their assignees, with Class II priority claims under RSA 402-C:44 allowed by the Court through the end of the month in which the waiver of federal priority claims provided for in paragraph 8 below is received. The interim distribution shall be made to claimants with subsequently approved Class II claims following each subsequent June 30 and December 31 with respect to claims allowed during the six month period preceding that date."

3. The Interim Distribution Order otherwise continues in effect.

Approved
So Ordered.

**Re: In the Matter of the Liquidation of The Home Insurance Company
No. 03-E-0106 (Superior Court for Merrimack County, New Hampshire)**

Dear Ms. Williams:

I write on behalf of Roger A. Sevigny, Insurance Commissioner of the State of New Hampshire ("Commissioner"), as Liquidator (the "Liquidator") of The Home Insurance Company ("Home"). Home is a New Hampshire insurance company that is insolvent and in liquidation. The Liquidator has been determining claims and collecting assets and believes that sufficient claims have been determined and assets collected to warrant a 15% interim distribution on allowed Class II claims. The Liquidator has sought and obtained approval from the supervising court for the proposed interim distribution, subject to a waiver of federal priority claims respecting the 15% distribution. The Liquidator accordingly requests that the United States provide a waiver of claims in light of the federal priority statute, 31 U.S.C. § 3713. An affidavit of the Liquidator, a proposed release agreement and certain other items are attached.

1. **Background.** Home is an insurance company incorporated under the laws of the State of New Hampshire licensed and regulated by the New Hampshire Insurance Department. Home was incorporated in 1973, although its predecessor corporations were established as long ago as 1853. Historically, its principal offices were at 59 Maiden Lane, New York, New York, with a statutory office at 286 Commercial Street, Manchester, New Hampshire. (Home's operations are presently conducted at 61 Broadway, New York, New York.) As described in my letter dated January 27, 2012, Home's indirect, wholly-owned subsidiary US International Reinsurance Company is also in liquidation.

Home and its subsidiaries (most of which merged into Home in 1995) wrote insurance and reinsurance in all states and some territories of the United States, as well as in Canada, the United Kingdom, Bermuda and Hong Kong. Home and its subsidiaries generally stopped writing personal lines of business in the early 1990's, and they stopped writing all business, including commercial lines (subject to certain personal lines mandatory renewal requirements), in 1995.

Home was placed in rehabilitation by order of the Merrimack County Superior Court ("Court") on March 5, 2003. The Commissioner as Rehabilitator moved to place the company in liquidation, and on June 13, 2003, the Court issued an Order of Liquidation declaring Home insolvent, appointing the Commissioner as Liquidator, and directing that the company be liquidated.¹ Notice of the Home liquidation, including the June 13, 2004 claim filing deadline, was given to persons known or reasonably expected to have a claim against Home in accordance with an order approving notice. As of the liquidation date, state insurance guaranty associations and funds began handling and, where appropriate, paying claims under policies of insurance issued by Home in accordance with their governing statutes.² Claims presented by proofs of claim are handled by liquidation staff, and the Liquidator makes recommendations to the Court with respect to allowance of the claims.

Since June 2003, the Liquidator has determined proofs of claim, made claim recommendations to the Court, and collected available assets, including its reinsurance. As of December 31, 2011, the assets of Home under the Liquidator's control totaled approximately \$1.115 billion. As of that date, the Liquidator had presented and the Court approved claim recommendations, including settlements, for a total of 12,679 Class II claims with a total allowed amount of approximately \$1.294 billion. Distributions on allowed claims will be made in accordance with orders of the Court. The Liquidator does not expect to make any distribution on claims below Class II.

2. The proposed 15% interim distribution. The Liquidator believes that sufficient claims have been determined and assets collected to warrant a 15% interim distribution on allowed Class II claims, and earlier this year he moved for approval of such an interim distribution. The Court approved the interim distribution on March 13, 2012, subject to a waiver of federal priority claims. That order is attached to the Liquidator's Affidavit.

¹ An initial order of liquidation dated June 11, 2003 was vacated when the June 13, 2003 order issued.

² During the first few weeks of the liquidation in 2003, the Liquidator paid workers compensation benefits to claimants as advances on early access distributions to avoid disruption in payments while the claim files were transferred to the insurance guaranty associations.

The proposed interim distribution will serve the purpose of liquidation by paying at least a small percentage on the allowed Class II claims. (Because it provides for a 15% distribution on Class II claims allowed after 2011, it will also assist in the ongoing determination of claims by giving claimants an incentive to seek resolution.) The basis for the proposed interim distribution, including estimates of Home's total Class II liabilities, is set forth in the Liquidator's motion and the supporting affidavit, both of which are attached. As summarized on the exhibit to the Liquidator's motion, the interim distribution payments will total approximately \$194.1 million, of which \$41.4 million has already been paid to guaranty associations as early access distributions. As to the guaranty associations, the interim distribution will remove the "clawback" applicable to early access distributions from the 15%. The initial interim distribution will thus reduce assets under the Liquidator's control by \$152.7 million. Based on assets as of December 31, 2011, this will leave \$962.3 million. (Additional 15% distributions will be made on Class II claims allowed after 2011.)

Excluding guaranty associations, there are 167 claimants with 208 allowed Class II claims as of December 31, 2011 who are to receive the proposed interim distribution, subject to the statutory \$50 deductible and any setoffs. Those claimants are listed on an attachment to the Liquidator's affidavit. (Some might assign their claims in the future.) The other non-guaranty association Class II claims that have been addressed have been denied (by allowances of "0").

3. United States claims. As set forth in the affidavit, the Liquidator is only aware of six United States claims against Home, plus the "protective" proof of claim that does not identify any particular claims. Aside from the Department of Labor matter that is the subject of litigation, the proofs of claim filed by agencies of the United States that identify claims all concern environmental clean-up claims. The status of those matters is summarized in the Liquidator's affidavit. As part of the proposed interim distribution, the United States stands to receive a 15% distribution on the allowed amounts on the proofs of claim concerning R. Lavin & Sons (\$2,346,774 allowed) and Paul Sauget (\$4,125,000 allowed). (The latter distribution will be made to the executrix designated in the settlement agreement.) The other known environmental claims do not appear to involve significant amounts as respects Home.

As to taxes, Home has filed federal income tax returns through 2010 on a consolidated basis with its subsidiaries, and there are no reported tax liabilities. Home's Employer Identification Number is [REDACTED]. A copy of Home's 2010 Form 1120-PC is attached.

Home had no employees from 1996 until June 2003. During that period, Home was operated by employees of Risk Enterprise Management Limited. In 2003, the Liquidator created a stand-alone liquidation operation staffed with newly hired employees of Home. With respect to the pre-1996 employees, Home had two successive defined benefit plans. The more recent was addressed in an Agreement effective May 20, 1998 among the Pension Benefit Guaranty

Corporation ("PBGC"), Zurich Insurance Company ("Zurich"), Home, and Home Holdings, Inc., under which Zurich assumed The Home Insurance Company Retirement Plan ("Plan") and its related trust and became the sole sponsor of the Plan for purposes of ERISA and the Internal Revenue Code. Appendix A of the Agreement provided for delegation by Zurich to Home of the administration of the Plan, but that delegation was terminated due to Home's insolvency by an amendment to the Agreement effective October 1, 2003. The previous The Home Insurance Company Retirement Plan was terminated effective December 28, 1984. Home entered a group annuity contract with Prudential in connection with the termination. The contract provided that specified plan participants would receive annuities in specified amounts. The Liquidator accordingly does not anticipate any federal claims with respect to the retirement plans.

As to Medicare, all payments to claimants under Home policies since the Home liquidation began have been made by insurance guaranty associations. The Liquidator is informed that the guaranty associations generally have registered with Medicare as Responsible Reporting Entities ("RRE's") and are reporting to Medicare with respect to payments they make under Home policies. The Liquidator has registered Home as an RRE and is in the process of preparing Home to report with respect to payments made as part of the proposed interim distribution. Receipt of the requested waiver will satisfy the condition subsequent in the order so as to finally authorize the interim distribution, and the reporting will be made within 45 days of that date, or as otherwise prescribed.

The Liquidator is not aware of any federal claims other than the six specified in the proofs of claim.

4. Request. In order to make some payment to claimants with allowed Class II claims during the necessarily lengthy liquidation process, the Liquidator sought and obtained approval to make the 15% interim distribution as provided in the March 13, 2012 order, subject to receipt of a waiver of federal priority claims. As described in the Liquidator's motion, the proposed 15% interim distribution is a conservative percentage, as it reflects estimated liabilities at the 95% confidence level and conservative projections of expenses and does not consider future reinsurance collections or investment income. Even after the initial distribution, the Liquidator will continue to control over \$950 million in assets. The known claims of the United States appear to be quite small, especially when considered against the assets that will remain in the estate. Indeed, the United States will benefit from the interim distribution by receiving distributions on its allowed Class II claims. The Liquidator accordingly requests that the United States agree to waive federal priority claims with respect to the 15% interim distribution as set forth in the attached form of agreement.

Please let me know if you have any comments or questions regarding Home. We look forward to your response to the Liquidator's request for a waiver to permit the 15% interim distribution on allowed Class II claims.

Very truly yours,

J. David Leslie

**UNITED STATES' MEMORANDUM IN SUPPORT OF ITS
FED. R. CIV. P. 12(b)(1) AND (6) MOTION TO DISMISS THE COMPLAINT**

The Court should dismiss the Complaint (Complaint or Comp.) (Docket (dkt.) 1) filed by plaintiff Roger A. Sevigny, in his official capacity as Insurance Commissioner of the State of New Hampshire, as Liquidator of the Home Insurance Company (the Liquidator) under Federal Rule of Civil Procedure 12(b)(1) for lack of subject matter jurisdiction and Rule 12(b)(6), for failure to state a claim upon which relief can be granted. The Complaint fails to allege any law that defendants United States of America and Eric H. Holder, Jr. in his official capacity as Attorney General of the United States have violated (together, United States or Attorney General).

In 2004, the United States filed a Protective Proof of Claim¹ on behalf of numerous federal agencies in The Home Insurance Company's (Home) state insolvency proceedings.² Comp. ¶ 32. Home's Liquidator wants to make a 15 percent distribution to Home's creditors in partial satisfaction of their claims (hereinafter Interim Distribution). Comp. ¶ 16. The United States is not prohibiting the Liquidator from making the Interim Distribution. He is free to make the distribution at any time. What the Liquidator wants, though, is the security of knowing that if he makes the Interim Distribution, he will not be held liable for violating the Federal Priority Statute, 31 U.S.C. § 3713, which requires an insolvent debtor not in bankruptcy to pay the United States' claims first, before claims of other creditors. Comp. ¶ 43. While the Federal Priority

¹ Defined terms have the meaning ascribed to them in the Complaint unless otherwise defined herein.

² The federal agencies included the U.S. Environmental Protection Agency (EPA), the U.S. Department of Interior, the National Oceanic and Atmospheric Administration of the Department of Commerce, the Department of Defense, and any other agencies that may have claims.

Statute places the burden on the Liquidator to ensure he does not pay claims of other creditors before the United States' claims, here, the Liquidator instead asks the Attorney General to release him from Federal Priority Statute liability with regards to claims included in the Protective Proof of Claim. Comp. ¶ 24. The United States has not responded to the Liquidator's waiver request. *Id.*

So the Liquidator now seeks a security blanket from the Court. In Count I, the Liquidator asks the Court to declare that the Federal Priority Statute's use of the words "claim" and "notice" do not include the Protective Proof of Claim (Comp. ¶ 50-51) and that if he makes the Interim Distribution, he will not be held liable under the Federal Priority Statute (*id.* at ¶ 53) (hereinafter, the Declaration Count). In Count II, the Liquidator asks the Court to order the United States to act on his waiver request (Compel Count). *Id.* at ¶ 55-56; *see also* the Prayer for Relief, Comp. at p.19.

Both counts fail for the same basic reason: the Liquidator has not alleged that the United States has violated any federal law. The Complaint does not assert that the United States has violated the Federal Priority Statute or that the Attorney General is under a legal duty to provide – or act upon – requests for releases from potential Federal Priority Statute liability.

The Complaint's failure to assert a legal duty the government owes to the Liquidator or rights the United States has violated requires dismissal under both FED. R. CIV. P. 12(b)(1) and (6). The Liquidator petitions the Court – not to seek redress of a legal wrong or to vindicate a federally-created right – but instead to obtain "cover" for a distribution which has not taken place. Neither count asserts a federal question over which the Court has jurisdiction under 28 U.S.C. § 1331. The Compel Count asserts only

that the United States has “unreasonably delayed” in acting on the Liquidator’s request for a release from liability. Similarly, the Declaration Count simply restates the Liquidators’ past actions and then his unsupported opinion of how the Federal Priority Statute should be interpreted in a way that protects him. No federal statute affording the Liquidator rights is pled in either count; hence, no federal question jurisdiction exists. And because both counts plead no elements of any cause of action at all, the Complaint asserts no claim on which relief can be granted.

The Court lacks subject matter jurisdiction because the only waiver of sovereign immunity cited by the Complaint, 5 U.S.C. § 702, does not apply. The Attorney General’s actions with regards to requests for release from liability are litigation-related decisions committed solely to his discretion. In waiving immunity under the Administrative Procedure Act (APA), Congress unequivocally carved out these types of agency actions from judicial review. The Complaint also does not satisfy section 702 because the Liquidator has not alleged that he has suffered a legal wrong within the meaning of any federal statute or that the United States has otherwise acted unlawfully.

Moreover, the Court also lacks subject matter jurisdiction over the Declaration Count because it presents no justiciable controversy within the meaning of Article III. The Complaint strains to construe a sentence in the 2004 Protective Proof of Claim stating that the United States has rights under the Federal Priority Statute that *may* be applicable into a threat to sue the Liquidator for violating the Federal Priority Statute. This nine-year-old reservation of rights is not a threat to sue. And even if it were, the threat of suit does not rise to the level of an “actual controversy” needed for this Court to exercise Article III jurisdiction. Relatedly, the Complaint alleges no injury sufficient to

show standing. The Liquidator's apprehensions that he may be sued in the future and that, if the government were successful, he could face liability, are hypothetical fears and not concrete injuries.

I. BACKGROUND

For purposes of this Rule 12(b) motion to dismiss, the United States draws the following background facts from the allegations of the Complaint and the Attachments (Att.) thereto.

Home was placed in state liquidation proceedings on June 13, 2003. Comp. ¶ 5. The United States timely filed proofs of claims, including the June 11, 2004 Protective Proof of Claim asserting unknown claims on behalf of various federal agencies. Comp. ¶ 32.³ The Protective Proof of Claim states that “[t]he Federal Priority Act, 31 U.S.C. § 3712,⁴ provides the United States with certain rights of priority that *may* be applicable”

³ In March 2013, six months before filing the Complaint, the Liquidator provided the EPA with a list of approximately 260,000 policyholders. Comp. ¶ 24. Home used this list to mail notice of its liquidation order and the proof of claim process to the policyholders therein identified. Since receipt of the massive policy holder list, the EPA has developed a computer program to compare the list with the similarly large list of Superfund sites located throughout the nation and all potentially responsible parties at each of these sites. This initial-claims-identification process generated a list of 7,000 possible claims against policyholders as potentially responsible parties at Superfund sites. The EPA has been working diligently to refine this list of 7,000 potential claims. The process of identifying specific claims from a list of 7,000 possible claims is challenging and time-consuming. As the Liquidator acknowledges, “[i]n this circuit, the state insurer liquidation claim filing deadlines *do not apply* to claims by the federal government. See *Ruthardt v. United States*, 303 F.3d 375, 384-86 (1st Cir. 2002) Accordingly, the United States may file claims regardless of time limitations established pursuant to [New Hampshire law].” Comp. ¶ 39 (emphasis added). The EPA, nonetheless, anticipates providing to the Liquidator a complete refined list by December 2014. The other federal agencies included in the Protective Proof of Claim also anticipate providing the Liquidator with a refined list by December 2014. The United States has kept the Liquidator apprised of specific claims as they are identified and will continue to do so.

⁴ This reservation of rights contains a typographical error – the Federal Priority Statute is found in the title 31 of the United States Code at section 3713, not 3712.

(emphasis added). *Id.* On February 10, 2012, the Liquidator sought from the New Hampshire state court contingent permission to make an interim distribution to a specific class of Home's creditors. Comp. ¶ 23. The contingency sought and obtained by the Liquidator was a release from the Attorney General of the United States from potential liability under the Federal Priority Statute. Complaint, Att. A at p. 11-12. On April 12, 2012, the Liquidator wrote to the Department of Justice and asked the Attorney General to release him from potential future liability under the Federal Priority Statute in connection with the Interim Distribution. Comp. ¶ 24. The Attorney General has not responded to the waiver request. *Id.*

The Complaint alleges jurisdiction under 28 U.S.C. § 1331 because, according to the Liquidator, this case "arises under 31 U.S.C. § 3713," the Federal Priority Statute. Comp. ¶ 2. The only waiver from immunity cited by the Liquidator is 5 U.S.C. § 702, which he asserts applies because "this is an action for non-monetary specific relief concerning a federal agency's action or failure to act [.]" Alternatively, if section 702 does not provide the necessary waiver of immunity, then the Complaint asserts that "this suit is not barred by sovereign immunity because it is one against a federal officer claiming that he (the Attorney General) has acted beyond his statutory authority. *Larson v. Domestic and Foreign Commerce Corp.*, 337 U.S. 682, 689-90 (1949)." *Id.*

Relying solely on the reservation of rights in the 2004 Protective Proof of Claim, the Liquidator asserts there is an actual controversy as to whether he will be liable under the Federal Priority Statute if he makes the Interim Distribution. Comp. ¶ 32, 40-41. He claims he is unable to fulfill his duties under New Hampshire law because if he makes the distribution and if he is sued by the United States and if the United States is successful,

he could face personal liability. Comp. ¶ 43.

II. ARGUMENT

A. *The Standards that Govern Rule 12(b)(1) and (6) Motions Require Dismissal of the Liquidator's Claims.*

When considering a challenge to its subject matter jurisdiction under Rule 12(b)(1), the Court generally assumes the complaint's factual allegations are true and indulges all reasonable inferences in the plaintiff's favor. *Muniz-Rivera v. United States*, 326 F.3d 8, 11 (1st Cir. 2003); *Murphy v. United States*, 45 F.3d 520, 522 (1st Cir. 1995). The Court, however, is not required to accept the plaintiff's "unsupported conclusions or interpretations of law." *Id.* (internal citation omitted). The plaintiff always carries the burden of establishing subject matter jurisdiction. *Lujan v. Defenders of Wildlife*, 504 U.S. 555, 561 (1992); *Coventry Sewage Assocs. v. Dworkin Realty Co.*, 71 F.3d 1, 4 (1st Cir. 1995). Finally, "the United States, as sovereign, may not be sued without its consent" (*Murphy*, 45 F.3d at 522) and the lack of a sovereign immunity waiver deprives the Court of subject matter jurisdiction. *See, e.g., Bank of New Hampshire v. United States*, 115 F. Supp. 2d 214, 219 (D.N.H. 2000).

"To survive a [Rule 12(b)(6)] motion to dismiss, a complaint must contain sufficient factual matter, accepted as true, to 'state a claim to relief that is plausible on its face.'" *Ashcroft v. Iqbal*, 556 U.S. 662, 678 (2009) (quoting *Bell Atl. Corp. v. Twombly*, 550 U.S. 544, 570 (2007)). To meet the "facial plausibility" threshold, the Liquidator must plead "factual content that allows the court to draw the reasonable inference that [the United States] is liable for the misconduct alleged." *Iqbal*, 556 U.S. at 678. As with a Rule 12(b)(1) challenge, the Court must draw all reasonable inferences in the Liquidator's favor, but "[a] pleading that offers 'labels and conclusions' or 'a formulaic

recitation of the elements of a cause of action will not do.” *Id.* (quoting *Twombly*, 550 U.S. at 555).

B.1. *The Court Lacks Subject Matter Jurisdiction over the Compel Count Because the Attorney General Has Discretion to Determine Whether or Not to Grant a Waiver.*

In the APA’s first section, Congress clearly *excepted* from the APA’s sovereign waiver those agency actions “committed to agency discretion by law.” 5 U.S.C. § 701(a)(2). Congress has also been clear in committing to the Attorney General’s sole discretion the United States’ interest in and conduct of litigation, to wit:

Except as otherwise authorized by law, *the conduct of litigation* in which the United States, an agency, or officer thereof is a party, or is *interested*, and securing evidence therefor, *is reserved to officers of the Department of Justice, under the direction of the Attorney General*

28 U.S.C. § 516 (emphasis added). This delegation of discretion is buttressed by 28 U.S.C. § 519 providing that:

Except as otherwise authorized by law, the Attorney General shall supervise all litigation to which the United States, an agency, or officer thereof is a party, and shall direct all United States attorneys, assistant United States attorneys, and special attorneys appointed under section 543 of this title in the discharge of their respective duties.

The Attorney General’s discretion includes the authority to make decisions about cases and to determine the manner in which cases-related matters are handled. *See* Section 5 of Executive Order No. 6166 (June 10, 1933), reprinted at 5 U.S.C. § 901 (“[a]s to any case referred to the Department of Justice for prosecution or defense in the courts, *the function of decision whether and in what manner to prosecute, or to defend, or to compromise, or to appeal, or to abandon prosecution or defense*, now exercised by any agency or officer, is transferred to the Department of Justice”) (emphasis added).

The liquidation of the United States' claims against Home is a litigation proceeding in which the United States has an interest. 28 U.S.C. § 516. Any action the United States takes in regards to the Home litigation then, lies with the Department of Justice and is reserved to the Attorney General's discretion. *Id.*; *see generally also* 6 Op. Att'y Gen. 47, 61-62 (1982) 1982 WL 170670 ("the Attorney General . . . has broad plenary authority over all litigation in which the United States . . . [is] involved. This authority is wideranging, embracing all aspects of litigation, including subpoena enforcement, settlement authority, and prosecutorial discretion. The reservation of these powers to the Attorney General is grounded in our common law tradition, Acts of Congress (principally, 5 U.S.C. § 3106, and 28 U.S.C. §§ 516 and 519), various executive orders, and a long line of Supreme Court precedent. These powers can be eroded only by other Acts of Congress, and the Executive's constitutional command to faithfully execute the laws").⁵ This discretion over case-related matters, includes, necessarily, questions about whether or not the United States should pursue claims for alleged violations of the nation's environmental laws, file complaints alleging violations of the Federal Priority Statute, and handle requests for release from potential liability.

Accordingly, the Attorney General's decisions about whether or not he should pursue claims for environmental and federal priority violations and how to act, if at all, on the Liquidator's request for a release from Federal Priority Statute liability are not

⁵ The limited exceptions to section 701(a)(2)'s statutory preclusion of judicial review are not applicable here. The Liquidator has not alleged and cannot allege that the Attorney General has acted unconstitutionally or acted beyond the authority of any specific statute. *Cf. Executive Bus. Media, Inc. v. U.S. Dep't of Def.*, 3 F.3d 759, 761-63 (4th Cir. 1993) (finding the exception to the bar on judicial review satisfied when the plaintiff asserted that the Attorney General exercised his settlement authority in a way that expressly violated a specific law that controlled his client agency).

judicially reviewable under the APA. *See, e.g., United States v. Western Radio Servs. Co.*, Nos. 11-cv-00638-SI, 11-cv-06209-SI, 2012 WL 464026 at *2 (D. Or. Feb. 13, 2012) (explaining that “the Attorney General’s decision to pursue litigation—at least when not clearly ultra vires—is the type of agency action ‘committed to agency discretion by law’ and therefore removed from judicial review under the APA”); *Energy Transp. Group, Inc. v. Skinner*, 752 F. Supp. 1, 13 (D.D.C. 1990) (finding that the Attorney General’s settlement decisions are “akin to an agency’s decision not to institute enforcement proceedings or a prosecutor’s decision not to prosecute. The Supreme Court has held that the latter two decisions are not subject to judicial review. . . . This Circuit has also recognized the breadth of discretion granted to the Attorney General under 28 U.S.C. §§ 516–519”) (citing *Heckler v. Chaney*, 470 U.S. 821 (1985); *see generally also Executive Bus. Media*, 3 F.3d at 761-62 (stating it has “no quarrel” with the general rule that “the Attorney General has broad discretion and even plenary authority to control litigation under 28 U.S.C. §§ 516 and 519, and that such decisions are not judicially reviewable”); *Falkowski v. E.E.O.C.*, 783 F.2d 252, 253 (D.C. Cir. 1986) (recognizing “both the entirely discretionary nature of the [Attorney General’s litigation-related] power and the breadth of that discretion”); *Marshall v. Gibson’s Prods., Inc. of Plano*, 584 F.2d 668, 676 n.11 (5th Cir. 1978) (same).

B.2. *The Compel Count Fails to State a Claim on Which Relief Can be Granted Because the United States is Not Required to Act on the Waiver Request.*

Relying on 5 U.S.C. § 706(1), the Liquidator asks the Court to order the United States to act on his request that he be released from liability under the Federal Priority Statute with regards to the proposed Interim Distribution. But “a claim under § 706(1) can proceed only where a plaintiff asserts that an agency failed to take a discrete agency

action that *it is required to take.*” *Norton v. Southern Utah Wilderness Alliance (SUWA)*, 542 U.S. 55, 64 (2004) (emphasis added); *see also San Francisco BayKeeper v. Whitman*, 297 F.3d 877, 885-86 (9th Cir. 2002) (“for a claim of unreasonable delay to survive, the agency must have a statutory duty in the first place); *Madison–Hughes v. Shalala*, 80 F.3d 1121, 1124–25 (6th Cir. 1996) (same). Further, the “required-action limitation [in § 706(1)] rules out judicial direction of even discrete agency action that is not demanded by law.” *SUWA*, 542 U.S. at 55.

The Liquidator cites no statutory or regulatory authority requiring the Attorney General to act on requests for releases from liability under the Federal Priority Statute. This is not surprising as the Attorney General is under no duty to provide such releases. Thus, as a matter of law, the Compel Count fails to state a claim on which relief can be granted and should be dismissed under FED. R. CIV. P. 12(b)(6).

C. *The Declaration Count Should be Dismissed under Rules 12(b)(1) and (6).*

The Complaint does not allege that the United States has violated any law. Neither the Declaratory Judgment Act (Comp. ¶ 3) nor the Federal Priority Statute (*id.* ¶ 2, 50) provides federal question jurisdiction or a claim for relief. A suit “arises under” 28 U.S.C. § 1331 *only if* federal law creates an action. The Declaratory Judgment Act does not create new causes of action; it merely provides a remedy for vindicating *existing* rights. *Buck v. Am. Airlines, Inc.*, 476 F.3d 29, 33 n.3 (1st Cir. 2007). And the Federal Priority Statute does not create any rights for the Liquidator; it confers a right to priority on the United States alone. 31 U.S.C. § 3713.

Because neither the Declaratory Judgment Act nor the Federal Priority Statute provides the Liquidator with rights or a cause of action, this case necessarily cannot

“arise under” either federal statute and must be dismissed for lack of jurisdiction. That the Liquidator asserts no cause created by federal law also means he has no valid claim for the defensive declarations he seeks. The Declaration Count should be dismissed also then under FED. R. CIV. P. 12(b)(6). *See, e.g., Pierce v. Wagner*, 134 F.2d 958, 960 (9th Cir. 1943) (explaining that a complaint must contain “a statement of facts showing . . . (2) ownership of a right by plaintiff; (3) violation of that right by defendant; (4) injury resulting to plaintiff by such violation . . .”).

Dismissal is also required for at least two additional reasons: the Declaration Count does not assert a justiciable case or controversy and Congress has not waived sovereign immunity for the Declaration Count.

D. *The Court Lacks Subject Matter Jurisdiction over the Declaration Count Because the Liquidator Does Not Have Standing.*

Article III of the Constitution limits the subject matter jurisdiction of the federal courts to deciding “cases” or “controversies” U.S. Const. art. III, § 2, cl. 1; *Lujan*, 504 U.S. at 559. As the party invoking federal jurisdiction, the Liquidator must allege facts sufficient to establish an Article III “case” or “controversy.” *Lujan*, 504 U.S. at 561.

The doctrine of standing serves as a “landmark” dividing those “cases” and “controversies” that are within federal courts’ Article III jurisdiction from those that are not. *Lujan*, 504 U.S. at 560. Further, standing provides “an *essential and unchanging* part of the case-or-controversy requirement of Article III.” *Id.* (emphasis added). Three elements form the “irreducible constitutional minimum of standing”: (1) that the plaintiff has suffered an “injury in fact” that is “concrete and particularized” and also “actual or imminent, not conjectural or hypothetical[;]” (2) that the injury is “fairly traceable to the challenged action of the defendant and not the result of the independent action of some

third party not before the court[;]” and (3) that the injury is likely to be “redressed by a favorable court decision.” *Id.* at 560-61 (internal quotation marks, citations, and alterations omitted). *See also DaimlerChrysler Corp. v. Cuno*, 547 U.S. 332, 342 (2006). The Liquidator’s claims do not establish these essential elements.

D.1. *The Liquidator Has Not Alleged A Justiciable Injury.*

The Complaint alleges that there is an “actual controversy over the question whether the Liquidator is subject to personal liability for making the interim distribution.” Comp. ¶ 45. But the Liquidator’s sole support for this allegation is a nine year old pro-forma sentence in the Protective Proof of Claim stating: “[t]he Federal Priority Act, 31 U.S.C. § 3712 [sic], provides the United States with certain rights of priority that *may* be applicable.” *Id.* at ¶ 32 (emphasis added). If an actual threat to sue is not sufficient to create a justiciable controversy (*see, e.g., Hyatt Int’l Corp. v. Coco*, 302 F.3d 707, 711-12 (7th Cir. 2002) (“the threat of suit, however immediate, is not by itself sufficient for the invocation of the federal power to issue a declaratory judgment”), then it follows that a more benign statement claiming only that the government has rights that *may* be applicable is also insufficient to satisfy Article III.

The Liquidator’s allegation of injury is similarly overstated. He asserts that, “if [he] makes the distribution without a waiver, and the position of the United States later prevails, the Liquidator faces potential personal liability under the Priority Statute. Thus, the position of the United States prevents the Liquidator from performing his duties under state law to make interim distributions to creditors of Home.” Comp. ¶ 43. The Court is not required to accept as true allegations in a complaint that are false. *See, e.g., Eastern Shore Mkts., Inc. v. J.D. Assocs. Ltd.*, 213 F.3d 175, 180 (4th Cir. 2000); *see, e.g., also*

Heinrich ex rel. Heinrich v. Sweet, 62 F. Supp. 2d 282, 295 (D. Mass. 1999). The United States is not prohibiting the Liquidator from making the Interim Distribution. He is and has been free to distribute at any time. Indeed, the Liquidator acknowledges that he has already made three distributions “without a waiver from the United States.” Comp. ¶ 13.

The Complaint’s statement of injury is contradicted further by the Liquidator’s concession that, rather than being prohibited from making the distribution by the United States, he is instead choosing not to distribute because he is apprehensive about potential liability. Complaint, Att. A. p.11 (“the *Liquidator believes* it would not be reasonable and prudent to make an interim distribution without a waiver of federal priority”) (emphasis added). Hence, his claimed “inability to distribute assets” (*id.* at ¶ 44) is a false and misleading red herring. So is the asserted concern for Home’s creditors. *Id.* The Liquidator’s concern is his own personal protection. *Id.* at ¶ 43 (stating the Liquidator “faces *potential* personal liability”) (emphasis added).

At bottom, the real gravamen of this Complaint is the Liquidator’s apprehension that the United States *might* file a future action against him under the Federal Priority Statute, and that, *if successful*, the United States could obtain a money judgment against him personally. *Id.* ¶ 1, 43 (referring to “potential” liability). This unsubstantiated fear of an uncertain future suit and its possible result is, on its face, “conjectural or hypothetical,” and hence insufficient to establish standing. *Lujan*, 504 U.S. at 560-61.

D.2. *The Liquidator Has Not Alleged Any Imminent Future Harm.*

Moreover, the Liquidator cannot establish that an injury is “imminent.” *Lujan*, 504 U.S. at 560. Recognizing that “imminence is . . . a somewhat elastic concept,” the Supreme Court recently clarified that, in order to support standing, a threatened future

injury “must be *certainly impending* to constitute injury in fact,” and that “allegations of *possible* future injury are not sufficient.” *Clapper v. Amnesty Int’l USA*, 133 S. Ct. 1138, 1147 (2013) (emphases original to *Clapper*, internal quotations, citations, and alterations omitted). The future injury complained of by the Liquidator is potential liability under the Federal Priority Statute. To establish this future injury, the Liquidator alleges that if he makes the distribution and if the United States sues him and if the United States is successful, he faces potential personal liability. Comp. ¶ 43. By its plain terms, then, the Liquidator’s purported future injury is not imminent. He has not made the proposed Interim Distribution and nowhere does the Liquidator allege that the United States has even threatened to sue him.⁶ But even if he could so allege, the “normal uncertainty a defendant experiences . . . [when] there is a possibility of a later obligation to pay money damages,” does not rise to the level of the “‘actual’ controversy” required by the Declaratory Judgment Act and Article III. *Coco*, 302 F.3d at 711-12; *County Materials Corp. v. Allan Block Corp.*, 431 F. Supp. 2d 937, 945 (W.D. Wis. 2006). Thus, the Liquidator’s allegations fall well short of establishing an injury that is “certainly impending.” *Clapper*, 133 S. Ct. at 1147.

D.3. *The Liquidator Also Fails to Establish the Second and Third Requirements for Standing: Traceability and Redressability.*

Finally, the Liquidator cannot establish standing because the purported injury about which he complains – the inability to make the proposed Interim Distribution and fear of potential liability – are neither “fairly traceable” to the United States’ unlawful conduct nor redressable by a favorable court decision. *Lujan*, 504 U.S. at 560-61. It is

⁶ The “injury” complained of is so remote that even if the United States were to sue the Liquidator today for violating the Federal Priority Statute, its case would likely be dismissed for failing to state a justiciable controversy.

the Liquidator, not the United States, who asked the New Hampshire state court to make the interim distribution conditioned on obtaining a release from liability from the United States. *See* Att. A at 11-12. Thus to the extent the Liquidator complains about not making the distribution, this is an “injury” that is traceable to and redressable by him alone. Moreover, even if the Liquidator’s fear of being sued constituted an injury for purposes of Article III, there is nothing unlawful about the United States interpreting the Federal Priority Statute to support a claim against the Liquidator. The Liquidator also cannot show that a favorable court decision here would “redress” the non-injury. *Lujan*, 504 U.S. at 560. It is logically impossible to provide “redress” for a past, present, or future injury that does not exist.

E. *The Liquidator Fails to Demonstrate that the United States’ Sovereign Immunity has been Waived.*

In order for the Court to have subject matter jurisdiction over the Complaint, Congress must have waived sovereign immunity. At best, the Liquidator relies on 5 U.S.C. § 702 for the necessary waiver. Comp. ¶ 2. But the Complaint does not satisfy the first or second sentences of section 702 because in both counts the Complaint does not allege and cannot allege that the Liquidator has suffered a legal wrong “within the meaning of a relevant statute” or that the United States has acted unlawfully.

In its first sentence, section 702 waives immunity for “[a] person suffering legal wrong because of agency action, or adversely affected or aggrieved by agency action *within the meaning of a relevant statute*” (emphasis added). “The relevant statute, of course, is the statute whose violation is the gravamen of the complaint.” *Lujan v. Nat’l Wildlife Fed’n*, 497 U.S. 871, 886 (1990). But as explained *supra* sections B.2 & C, both counts fail to assert any statute that the government has violated. While the Complaint

refers to the Declaratory Judgment Act, the Federal Priority Statute, and the APA, these statutes do not provide the Liquidator with rights or a cause of action. The Liquidator then, necessarily, has failed to demonstrate sovereign immunity has been waived by section 702's first sentence.

For similar reasons, the Liquidator also fails to demonstrate that immunity is waived by section 702's second sentence. By its own terms, section 702's waiver applies only to "a claim that an agency or an officer or employee thereof *acted or failed to act*" unlawfully (emphasis added). See *Delano Farms Co. v. California Table Grape Comm'n*, 655 F.3d 1337, 1343 (Fed Cir. 2011); see also *Treasurer of New Jersey v. U.S. Dep't of the Treasury*, 684 F.3d 382, 400 (3d Cir. 2012) (quoting House Report that said section 702's immunity waiver "would eliminate the defense of sovereign immunity in *any* action in a federal court seeking relief other than money damages and stating a claim based on the assertion of *unlawful* official action by an agency or by an officer or employee of that agency") (second emphasis added).

In the rare instances where courts apply the section 702 waiver to non-APA claims, the plaintiffs have alleged governmental actions (or failures to act) that caused them harm and violated specific federal laws. *Commonwealth of Puerto Rico v. United States*, 490 F.3d 50, 59 (1st Cir. 2007) (attempting to obtain nonstatutory review based on the assertion that the agency's action violated the Constitution); *Rhode Island Dep't of Env'tl. Mgmt. v. U.S.*, 304 F.3d 31, 40 (1st Cir. 2002) (same); *Blagojevich v. Gates*, 519 F.3d 370, 371 (7th Cir. 2008) (asserting the agency's actions violated two federal statutes). Nowhere does the Complaint allege that the United States has acted unlawfully. The only actions complained of are that the United States has not acted on

the Liquidator's request for a waiver and that its 2004 Protective Proof of Claim contains a sentence reserving Federal Priority Statute rights that "may" be applicable. But there is no law requiring the United States to provide waivers of Federal Priority Statute liability and no precedent that the government's reservation of rights in a proof of claim constitutes actionable, unlawful conduct. Hence, the Liquidator fails to satisfy his burden of showing that sovereign immunity has been waived for his Complaint.

F. *The Liquidator Fails to Establish that, under Larson, this Suit is not Barred by Sovereign Immunity.*

Because the Liquidator seeks relief from the Attorney General in his official rather than his personal capacity, *Larson* does not obviate the necessary waiver of sovereign immunity for this suit. Comp. ¶ 2. Even if *Larson* were applicable, the Liquidator fails to satisfy it. To avoid the sovereign immunity bar on his suit, the Liquidator must allege (1) the applicable statutory limitation on the Attorney General's power and (2) how the Attorney General has acted beyond that statutory power; a "claim of error in the exercise of that power is . . . not sufficient." *Larson*, 337 U.S. at 690 ("since the jurisdiction of the court to hear the case may depend . . . upon the decision which it ultimately reaches on the merits, *it is necessary that the plaintiff set out in his complaint the statutory limitation on which he relies*") (emphasis added).

The Complaint, however, alleges precisely what *Larson* says it cannot by asserting *only* that the Attorney General "*has acted beyond his statutory authority.*" Comp. ¶ 2 (emphasis added). The Liquidator neither cites the "statutory limitation" on which he relies nor alleges more than a nebulous "claim of error." *Larson*, 337 U.S. at 690 (finding both types of allegations to be insufficient). Accordingly, the Liquidator's attempt to avoid the need for a sovereign immunity waiver fails.

III. CONCLUSION

For the forgoing reasons, the Complaint should be dismissed pursuant to Federal Rule of Civil Procedure 12(b)(1) for lack of subject matter jurisdiction and under Rule 12(b)(6) for failure to state claims on which relief can be granted.

Re: The Home Insurance Company

Dear Mr. Leslie,

In March 2013, the Liquidator of Home provided a list of approximately 260,000 policyholders to EPA. As noted in footnote 3 on page 4 of the *United States' Memorandum In Support of Its Fed. R. Civ. P. 12(b)(a) and (b) Motion to Dismiss the Complaint*, EPA developed a computer program to compare the list with a list of Superfund sites. This initial claims identification process generated a list of 7,000 possible claims against Home policyholders as potentially responsible parties at Superfund Sites. The EPA generated list of 7,000 possible claims against Home policyholders is enclosed.

As part of EPA's continuing effort to refine the list of 7,000 potential claims, EPA makes the following requests to the Liquidator:

1. Provide copies of the declaration pages for each of the 7,000 possible claims identified on the enclosed list;
2. Provide the date(s) (month and year) that Home started using the absolute pollution exclusion in its policies as well as the specimen form of such absolute pollution exclusion; and
3. Provide the specimen form of the Home CGL policies for each policy year.

Please let me know if you have any questions about these requests.

Very truly yours,

A handwritten signature in black ink that reads "Myles E. Flint, II".

Re: The Home Insurance Company – EPA Request for Policies

Dear Mr. Flint:

I write in response to your letter of April 23, 2014 in which the EPA requests that the Liquidator of Home provide copies of declaration pages for insurance policies “for each of the 7,000 possible claims identified on the enclosed list” together with certain other information. The letter enclosed a list dated September 13, 2013 with approximately 7,000 entries listing certain alleged Home policyholders and Superfund Sites for which the EPA has identified the companies as potentially responsible parties.

1. As an initial matter, the Liquidator notes that the EPA’s letter does not refer to the information and issues the Liquidator presented for your consideration in my letter of April 4, 2014. That letter responded to the EPA’s February 24, 2014 request for information concerning 15 policyholder companies that the EPA had connected to four Superfund Sites. We had assumed that the EPA’s February 24 request was a relatively focused effort to ascertain whether the EPA’s “ground up” approach could provide a useful way to identify actual claims or to assess Home’s potential exposure to third party EPA claims. The Liquidator therefore went to significant effort both to identify insureds related to the 15 companies and provide available general liability policies and to identify and explain issues that in our view make the EPA’s approach unproductive. It is disappointing that the EPA does not appear to have considered the information and issues at all and instead chose to present an undifferentiated request using a list the EPA has had for more than seven months.

The Liquidator has long sought to engage in a substantive dialogue with the Department of Justice on the issues presented by the Federal Priority Statute, the United States’ Protective Proof of Claim, and the Liquidator’s request for a waiver to permit the interim distribution to

Class II claimants (including the United States) with allowed claims. We continue to seek such a dialogue. Please let us know if you and your colleagues at the Department of Justice would be available to meet to discuss the Liquidator's request for a waiver and the other related issues.

2. We have two principal observations about the list.

First, the "possible claims" on the list are merely name matches. Footnote 3 in the United States' December 4, 2013 memorandum in support of its motion to dismiss indicates that the list was generated by matching names on the Liquidator's 260,000 person notice list with an EPA list of PRPs at Superfund sites throughout the country. Despite the statements in the footnote, it does not appear that the EPA has made any progress in "refining" the list since September 2013.

Such a name-matching exercise is not meaningful. The April 23 letter refers to the identified companies merely as "potentially responsible parties at Superfund Sites." The list of 7,000 "possible claims" is thus just a list of companies against whom the United States might have a CERCLA claim (depending on the underlying facts about the individual company's contribution to contamination at the identified site), who might be Home liability policyholders, who might have relevant coverage (depending on the facts about the individual company's possible share of CERCLA liability at the site, the time when the company contributed to the site, and the type, period, attachment point and terms of any liability policy).

Second, the list of "7,000 possible claims" is vastly over-inclusive.

a. The list includes solvent companies that afford the EPA viable sources of full recovery, instead of the percentage recovery that is the most available from Home. As noted in my April 4 letter, Home is insolvent and will make only a percentage distribution on allowed policy (Class II) claims. This means that any potential third party claimant (such as the EPA here) should consider whether it can obtain relief from another source, especially given the fact that the EPA's filing a proof of claim in the Home liquidation will release the Home insured up to the policy limits. N.H. RSA 402-C:40, I; see Gonya v. Commissioner, N.H. Ins. Dept., 153 N.H. 521, 530, 899 A.2d 278, 285 (2006). It would be rare for the United States to have a claim that would make sense to file, because (1) any solvent PRP provides a source of recovery that does not involve a reduced payment percentage, and (2) even if a PRP is not a viable source of recovery the EPA will most often have a claim against another, solvent, PRP that would encompass the costs at issue. See 42 U.S.C. § 9607(a) (providing joint and several liability).

The EPA itself came to much the same conclusion in its 1985 analysis of insurance issues. See EPA Procedural Guidance on Treatment of Insurers under CERCLA at 36 (November 21, 1985), located at <http://www2.epa.gov/enforcement/guidance-treatment-insurers-under-superfund> (reviewed April 28, 2014). EPA staff there began discussion of possible insurance claims by noting:

Page 3

This discussion assumes that the United States has a RCRA or CERCLA claim against a defendant and that the defendant has possible liability insurance coverage with respect to that claim. If the defendant is a “deep-pocket,” i.e., it will be able to satisfy any judgment against it, the United States probably would not want to take more than a passive role with respect to insurance coverage issues. Accordingly, for purposes of further discussion, we can assume that the defendant has little if any assets to satisfy the CERCLA judgment and that the United States’ primary hope for substantial recovery is from the insurance carrier.

Id. (emphasis added). There should be few situations where “the United States’ primary hope for substantial recovery” is a claim against an insolvent insurer.

A brief review of the list reveals that most of the “possible claims” involve large, solvent companies so that a third party claim against Home would make little sense. The “A’s” alone include AT&T, Abbott Laboratories, Allied Signal, Aluminum Company of America, American Cyanamid, and Atlantic Richfield, among many others.

b. The list includes companies that have already settled with the EPA concerning the listed sites, in which case there can be no claim against Home. For instance, a number of the companies are identified as PRPs at the Spectron, Inc. Superfund Site. It appears the EPA entered a global de minimis consent decree for that site with more than 480 parties in 2002. That settlement included six of the identified Spectron PRP from the “A’s” alone: Abbott Laboratories, Alumax, Ametek, Ashland, Atlantic Aviation, and Atofina Chemicals. See the listing under Abb, Inc. et al (Spectron De Minimis Settlement) at http://data.influenceexplorer.com/epa_echo/#ZGVmZW5kYW50cz1BYmJvdHQIMkJMYWJvcnF0b3JpZXM= (reviewed April 30, 2014). Where a Home insured has settled with and paid the EPA, the EPA can have no claim in the Home liquidation. The EPA does not appear to have made any effort to remove such previously resolved matters from the list.

c. The list also includes companies that do not have relevant coverage from Home. It includes companies that have settled with Home. As noted in my April 4 letter, the Liquidator has entered into settlement agreements with a number of large corporate insureds (e.g., General Electric and Rohm and Haas) that include releases of past, present and future claims under their policies. A significant number of such settlements have been agreed and approved by the Liquidation Court. Moreover, the list includes companies that were not Home liability policyholders. Many of the companies may have had only workers’ compensation or property policies. For example, as noted in my April 4 letter, United Airlines had no general liability policies from Home. The 260,000 person list that the Liquidator provided in March 2013 was the list of persons sent notice of the Home liquidation. That list was the result of significant efforts to use the information on Home’s computers systems to identify interested persons as described in the Liquidator’s notice motion filings in 2003 (included with my

SAWYER & BREWSTER
COUNSELLORS AT LAW

Myles E. Flint, II
May 7, 2014
Page 4

March 28, 2013 letter). The list was not limited to policyholders with liability policies but included other types of policyholders as well as claimants, vendors and other persons.

3. The Liquidator has previously suggested that a “ground up” approach to evaluating the United States’ interest in the interim distribution from the Home estate is unlikely to provide useful results. The EPA effort involved in evaluating the facts concerning possible underlying CERCLA claims alone would be huge, and the end result would be an aggregate estimated number that does not address questions of the existence or extent of any Home coverage and ignores the fact that other, solvent sources of EPA recovery almost certainly exist. Asking the Liquidator to conduct a massive search for policies does not reduce the effort required for the EPA to identify actual CERCLA claims or advance the claim identification task.

The Liquidator believes that the appropriate way to evaluate the risk of any interim distribution “over-distributing” to the potential detriment of any future United States claims is to look to the actuarial analysis of Home’s ultimate liabilities. As explained in the Liquidator’s February 2012 motion for approval of interim distribution in the liquidation proceeding and in the complaint in his declaratory action against the United States, the Liquidator must reserve assets for undetermined claims as a matter of New Hampshire law. See N.H. RSA 402-C:46 (liquidator “shall pay dividends in a manner that will assure the proper recognition of priorities and a reasonable balance between the expeditious completion of the liquidation and the protection of unliquidated and undetermined claims, including third party claims”). As described in those filings, the Liquidator has sought to determine an appropriate, conservative interim distribution percentage based on actuarial analysis of Home’s ultimate liabilities at the 95% confidence level and on Home’s assets excluding future investment income and reinsurance recoveries. Solvent insurance companies use actuaries to estimate ultimate liabilities, including environmental liabilities.

We believe that the interest of the Liquidator in reserving assets for future Class II claims under New Hampshire law is congruent with the interest of the United States in preserving rights for future federal Class II claims to obtain equivalent distributions under the Federal Priority Statute as construed in United States Dept. of the Treasury v. Fabe, 508 U.S. 491 (1993). We would greatly appreciate the opportunity to discuss these issues with the Department of Justice.

4. In light of the foregoing, the Liquidator believes that the EPA’s request for copies of declaration pages “for each of the 7,000 possible claims identified on the enclosed list” does not represent a reasonable way of proceeding. Furthermore, it is tremendously burdensome. Declaration pages are not “for . . . possible claims.” They are part of an insurance policy, and the effort required to locate a declaration page is the same as that required to locate a policy. The EPA is actually asking the Liquidator to provide a part of all of the liability policies issued to the 2,075 separate potential policyholder names identified on the EPA’s list.

Such a request for insurance policies directed to an insurer by a person with possible claims against possible insureds is extremely unusual. It is difficult to imagine a solvent insurance company providing policies in response to such a request. At most, the insurer would point the potential claimant to the possible insureds as a source of any policy information. (The EPA could of course seek such information from PRPs.) The Liquidator responded to the EPA's February 24, 2014 request as an accommodation, recognizing that the United States has Federal Priority Statute rights implicated by the insolvency and that the Liquidator is asking the United States for a waiver to permit the interim distribution.

However, the EPA's February 24, 2014 request was much narrower. It concerned only 15 companies. As explained in the Liquidator's April 4, 2014 response, the search was time-consuming and labor intensive. It involved identifying insured names; searching computer records for policy numbers; reviewing those lists for potential liability policies; searching computer records for imaged copies of policies; identifying, recalling and searching paper records where no imaged copy existed in order to create one; reviewing the imaged policies available to see if they corresponded to the policy list and whether each policy was a liability policy; and then assembling the available liability policies for production. This effort for the 15 companies took over two weeks of staff time to provide 175 policies. The EPA does not appear to have used the results of this search in any way.

The effort required to make such a search for policies concerning about 140 times as many potential insureds would be enormous, would serve no practical purpose, and is unwarranted. Requesting only the declaration pages does not meaningfully reduce this burden. Liquidation staff has performed an initial search of computer records for policy numbers connected to the 2,075 separate company names on the EPA list. That matching exercise identified over 21,000 possible policy numbers of which it appears – based on the prefixes – about 8,000 may potentially be for liability policies. 140 of the company names did not connect to any policy numbers. It would not be an appropriate use of the assets of the insolvent Home to go farther in these hypothetical and speculative circumstances. If an actual claim is presented in the Home liquidation, the Liquidator will consider it and evaluate issues, including potential coverage, as the Liquidator does with respect to all third party claims.

5. The EPA also requested “the specimen form” for Home's CGL policies for each year and “the specimen form” for Home's absolute pollution exclusion. This appears to be an effort to avoid individualized consideration of actual policies, and it incorrectly assumes that Home wrote liability policies using only a single standard form each year. However, Home wrote liability coverage across the United States and for many years. Where required, Home submitted forms for regulatory approval in all fifty states. Coverage terms necessarily varied, and Home policies often included endorsements concerning coverage issues. Home wrote many large commercial accounts, and such insureds and their brokers frequently sought tailored coverage. In many instances, Home issued manuscript policies, and Home excess policies often

RACKEMANN
SAWYER & BREWSTER
COUNSELLORS AT LAW

Myles E. Flint, II
May 7, 2014
Page 6

“follow form” to underlying policies issued by insurers other than Home. In sum, Home’s obligations are policy-specific, and individualized analysis of each actual policy in its totality is required to determine the coverage afforded. With respect to pollution exclusions, Home generally included an “absolute” pollution exclusion as an endorsement to liability policies beginning about 1985, but Home employed various versions of such an exclusion.

6. The Liquidator requests that the United States advise whether it asserts rights under the Federal Priority Statute, 31 U.S.C. § 3713 concerning the list. In our view, the EPA’s list of “7,000 possible claims” does not present any claim as that term is used in the Federal Priority Statute. See 31 U.S.C. § 3701(b)(1). Nor does the list place the Liquidator on notice of any claim, as is required for personal liability under the Federal Priority Statute. See, e.g., United States v. Renda, 709 F.3d 472, 480 (5th Cir.), cert. denied 134 S.Ct. 618 (2013); United States v. Coppola, 85 F.3d 1015, 1020 (2d Cir. 1996); In re Gottheiner, 703 F.2d 1136, 1140 (9th Cir. 1983); Want v. Commissioner of Internal Revenue, 280 F.2d 777, 783 (2d Cir. 1960) (Friendly, J).

7. Similarly, the EPA’s list of “7,000 possible claims” does not present any claim under the New Hampshire Insurers Rehabilitation and Liquidation Act, N.H. RSA 402-C (“Act”). The Act requires that claims be presented in a proof of claim. N.H. RSA 402-C:37, :38. The contents of a proof of claim are specified in the Act, and they include: “a verified statement” that includes “[t]he particulars of the claim,” “[t]hat the sum claimed is justly owing,” and “[i]n the case of any third party claim based on a liability policy issued by the insurer, a conditional release of the insured pursuant to RSA 402-C:40, I.” N.H. RSA 402-C:38, I(a). “No claim need be considered or allowed if it does not contain all the information under subparagraph (a) which may be applicable.” N.H. RSA 402-C:38, I(b).

If the EPA wishes to assert a claim in the Home liquidation regarding any of the “possible claims” that upon investigation it determines constitutes a claim, the EPA should file a proof of claim completed as required by the Act. The Liquidation Court has approved a proof of claim form, and a copy is enclosed.

Please let me know if you would like to discuss any of these matters. In particular, please advise if you and your colleagues at the Department of Justice would be available to meet to discuss the Liquidator’s request for a waiver.

Very truly yours,

J. David Leslie
